

## March 31, 1990

JEY comes now and would now allow those of you who are here in the OMEGA group to know that as JEY comes it is possible that others may come to you at this time. JEY comes as gatekeeper for those of you who are the **OMEGA**, but asks that each of you attempt at this time to remain in a state of meditation that will allow you to receive this which is to be given. JEY would tell that each of you are in a time of receiving much of spiritual worth, and you are to know that you are to continue to receive such. JEY asks that you receive this information and know that indeed what is being given is in the will of God. JEY comes to allow each of you to know that you have now reached the stage in your spiritual growth where you are able to understand many things you have not been able to understand in the past; and at those times where you may indeed feel you are receiving information that has no great meaning to you, it is the will of the Creator that you would call upon your spirit within and ask that that strong spirit within you would be able to clarify, within your physical mind, that which you have been receiving. And thus it is that you will be able to continue, now, to understand those truths that are coming to you and allow that to be known to you as Truth. JEY would come at this time to give you additional information.

During this which is the meeting of the OMEGA, you are to be given information of great importance, even as you have received information in the past. But be aware that this will be more foreign to your way of thinking and that you must ask your spirit within to strengthen you at this point in order that you may be able to understand that which is given. JEY would ask at this time that each of you seek that your guardian of spirit would stand beside you, would enfold you with love, in order to enable you to understand this which is to be given. And so it is that JEY comes as guardian of the spirit of this one who is channel to so do, but also to come as gatekeeper for the OMEGA, to enfold you in the love of this one even as it is done for this which is channel. And so JEY comes at this time now to ask that you receive that one who has come to you in the past. Be at peace.

This one comes as MICHAEL the Archangel, and this one will tell you at this time that it is necessary for this one who comes as Michael to give you information of great importance to you as a member of the OMEGA and to this which is a group of OMEGA. Michael comes to tell you this. You are receiving information at this time in the history of the OMEGA, brought to you as that which is an entity known as spirit in body, spirit in life form. Understand that again, Michael can tell you that this is for a purpose. That one has been allowed to come to you and allowed to give information through the body of this one who is channel because it is the will of God that you receiving this information in this form. Be aware that that one has indeed been allowed to come to you to help you to prepare, in a physical manner, for that which is to be the chaos. And so it is that this one who is Michael would tell you again that that which has been spiritual growth for you has been brought about through the assistance of those who have come to you as spirits from the spirits realm... and they will continue to come to you. You are not to be forgotten at this point in your journey toward that which is the fulfillment of the will of the Creator for that which is the chaos. Understand that Michael will tell you, as time progresses, that you will be able to feel that which is a great spiritual surge within you which will indicate that indeed that which is physical has been able to merge with that which is spiritual. This is necessary. But you must understand that you will receive much information regarding that which is the physical changes which will take place within this which is the Earth planet from the one who is coming as SECHA. Allow Michael to tell you this also... Within this which is the OMEGA group there are many who are unable to meet with you within this area; but understand that as you share this information with others, as given, you must understand that information is received by their spirit within to the extent that their physical mind is able to understand. And so as you are able to send that information to each one, that which you would call a form of printed information, they are indeed able to receive, they are able to share with others. And it is the knowledge of this one who comes as Michael the Archangel that indeed their spiritual growth is progressing very rapidly. They are able to achieve that which you are achieving at this time. It is simply that it is necessary for those of us who come as spirits from the spirit realm to give you information of a spiritual nature. It is necessary for us to come to you as a group, and you are indeed the group that is able to share this information with others. Allow Michael to tell you this, also... that as those of you who are here are then

**March 31, 1990**

p. 2 of 5

able to progress at a rapid rate toward the goal that is to be achieved. As you share each bit of spiritual truth, it is known that such is multiplied in your own understanding. And so it is to continue.

MICHAEL would tell you this, too.... that as you have been able now to verify much information that has been given to you, you can understand that you have indeed been receiving Truth. Michael would allow you to know this, also...that you have within the past few days been the recipient of information regarding that which is a happening within another area of this which is your country... that which verifies to you the information that has been brought to you in the past. Indeed those who are in spirit often have the ability to achieve that which is a body that will be able to come to others at this time when it is needed. Be aware that this will continue to occur throughout the land. You will be able to achieve additional information regarding these events. But be aware that you need not be concerned.

It is God's will that mankind be warned of such coming events such as that which is to be the chaos. There is indeed throughout the Earth planet much that is taking place to warn mankind. Be aware also that within the hearts of many rulers on this which is the Earth planet, there are changes taking place at this time that will allow others within the confines of those lands which they rule to be aware that indeed the will of God is being done within the land in which they live. Understand that it is not always necessary for those people in such situations to be those who worship as you do, who worship in the name of the one who is the Christ; but rather, they are able to worship in that manner which they have grown to know as a means of worship.

It is known to Michael that indeed there are many on the Earth plane who do not seem to understand the nature of peace, the nature of prayer, the nature of love for fellow man. And so it is that those must be worked with more fully by those who come from the spirit realm. And so it will be that they, too, will learn to turn to that which is love for their fellow man. Allow your prayers to go up in peace for that which is continued love and freedom for all mankind on Earth. Be at peace at this which is your prayer, which is the need for that which you must do. Allow your prayers to be heard for the freedom and peace of all mankind.

And now that Michael has said this, Michael would tell you that there is a necessity for you to again receive information from the one who has come to you as SECHA, and Michael would confirm this again to you.... that SECHA does come in the will of the Creator. SECHA does understand that which is spiritual truth; and SECHA will indeed advise you that that one understands the nature of love and does come in love to each of you. And so extend your love to that one. SECHA comes as your brother and does understand your needs at this time inasmuch as that spirit does reside in a life form. And be aware that that one will indeed continue to work with you, to prepare you for that which is necessary. And so it is that Michael would ask that you be in prayer now for continued guidance as you allow that one to come to you through this one who is channel. Be in prayer. Be at peace.

SECHA ENTERS NOW! SECHA is here. SECHA is in your midst. SECHA now is in that which is the body of the channel and is able to talk. Allow it to be known that SECHA comes as that which is spirit in body; but SECHA has the ability to so materialize within the body of the channel that you are unaware that SECHA is indeed a spirit in body. And so you must be aware that this one comes in love, comes in peace, comes in the will of God, and comes with thanks that this one who is channel has the ability to let this so be allowed. SECHA would not attempt to be that which is a harming factor to this one, this channel. SECHA would tell you that within the body of this one, the spirit of that one still resides; but SECHA has the ability to enter, and to be able to continue conversation with you.

SECHA has informed you that this one does indeed come from a Star Region, that you are indeed brothers of this one. And SECHA would point out to you at this time that this one in this room has at some time known this one who is SECHA. And if you will allow it to be so at this moment, your spirit within can attest to you the Truth of this statement.

SECHA would also advise you that there is perhaps an opportunity at this time for SECHA to tell you

**March 31, 1990**

p. 3 of 5

this.... that it is possible for SECHA to materialize to each of you; and so it will be that as you feel within you the need to so visualize this one, SECHA will be able to come to you as a visual. SECHA realizes that you must strengthen your will to allow this to be so; and so it is that SECHA will attempt to come to each of you, as to all others in the OMEGA.

Allow SECHA to explain this to you, also. At the present time SECHA is within this which is your area, SECHA appears not as an entity in body but in a de-materialized form that will allow this one to enter all areas, to enter into the conversation of many who are here at this point, who live within this area, and is able to hear that which is conversation. SECHA has the ability now to understand, because through a thought process, SECHA has the ability to interpret that which is given. And so it is that at the time when SECHA can materialize to each of you, you need not speak. It will simply be a communication through thought. You will understand SECHA's thoughts. SECHA will understand your thoughts. And so you will understand the communication that will take place between SECHA and yourself.

SECHA is mindful that this is unusual for you. You have grown accustomed to having those from the spirit realm communicate with you, and as you are well aware, many through you. But be aware this is a system that can be utilized for the good of mankind, even as the thoughts are utilized for the good of mankind by those who come to you from the spirit realm. And so it is that SECHA is able to so communicate with you.

SECHA would let you know at this point that as SECHA is observing this which is the area, it is noted that there are many areas within this large area that would provide complete security during that which would be a chaos. You must understand that, as noted by this one who is SECHA, at such a time as those disturbances within the center of the Earth work their way to the surface of the Earth... this which is a happening within the Earth, a disruption, a disturbance...yes, that's the word... a disturbance within the center of the Earth...as they work their way to the surface there is going to be much that will disturb the surface of the Earth. There will be many uprisings within the crust of the Earth, and as those uprisings occur because of the nature of allowing the pressure of the interior of the Earth to come forth as a uprising, there must be something to replace that which has risen from the center of the Earth, and so there will be depressions within the Earth at the same time. And so you will have an uprising and a depression taking place simultaneously, as SECHA can see it. But be aware of this, also. As this occurs, it will so upset the balance of all happenings upon the Earth in a physical way that great changes are going to take place in the atmosphere, they will take place within the waters of the Earth; and the winds that blow, then, are going to be very strong and will endanger all things upon the Earth that are in a flat area. There will be those things you consider to be untouchable by that which you call strong winds, but which will disappear beneath the force of those winds that will come as a result of the change. And so mankind is going to find that it is very difficult to be left in a mode of life on this which is the Earth plane at that time. But you who are here at this time as spirits in body, who are here as OMEGA, are indeed to be protected. And this one who comes as SECHA will tell you this.... that SECHA now will begin to find those areas that can be considered safe within this area. Still there is the likelihood of much disturbance, even within those areas. And what SECHA wishes you to know at this time, as has been told to others who are here on Earth as spirits in body who are very perceptive at this time and who have been perceptive in the time past... understand that those who are coming to you from Star Regions have the ability to materialize not only as an entity in body but that which is the vehicle which has enabled them to arrive here will materialize. Many who are here who must be protected will be taken aboard those vehicles and taken out of the area so they are protected and can then be set back upon the Earth when it is a time when it is safe for them to be set back. This does not mean that all who are spirits in body on Earth will be destroyed... those bodies will not all be destroyed. Many will survive this which is to be a chaos. But it is necessary for many on the Earth plane to remain alert, to remain able to return and to know exactly what must be done. SECHA is not saying to you that all of you will experience his; but it is known to SECHA that some of you will experience this lifting from the Earth plane. SECHA at this time, in no way, wants to encourage any of you to do anything that would be alien to your own activities at this time on Earth. You are to proceed as you have been proceeding as spirits in body; but understand that you

**March 31, 1990**

p. 4 of 5

are here as spirits in body for a purpose. That which is your physical body will be protected in order to remain a vehicle for that which is your spirit within. Understand that this comes, not as the will of SECHA, not as the will of those who come as Spirit Teacher, but as the will of the Creator.

This which is the Earth Planet is a very special planet within your star region. It is one that can support life forms. It can indeed provide the land mass and that which is the water that is necessary for your life on earth. And so this Earth planet is to be returned to that which will be a livable planet, even as you know it now.

But allow SECHA to tell this. As a result of the chaos, this planet is to be cleansed of all that is now forming a death trap for many people, for that which appears in animal form at this time and much of the plant life on this Earth. It has become a death trap because of that which has been a mistreatment by many who are here as spirits in body. This has occurred on other planets within the star regions. Those life forms that were entrusted with those planets did indeed, because of greed...because of that which is a need oftentimes for the physical body to know more of that which is comfort...more of that which is convenience... and does indeed seek more in greed, they continue to produce those things that bring death to that which is a planet. And so it has occurred throughout the eons that this which was formed as a star region, and many star regions within the universes that exist . . . they have been deprived of all life, the opportunity to support all life forms, because of the greed of those who have lived within and on those planets. SECHA is one of many, many who have been sent here to the Earth planet to prevent this. And so SECHA, as well as many others, are working throughout the Earth Planet to attempt to prevent the complete destruction of all life form on this Earth planet.

Be aware that you will understand this more fully in the days to come...that there are those who are devoting their lives at this time to proving that which is a necessity at this time . . . that the destruction of plant life throughout this Earth is going to then lead to destruction of animal life as you know it at this time. Be aware that each of you who are here as OMEGA can at this time take an active part in the protection of this life within the area in which you live. You are responsible for the further protection of your area in which you live, and SECHA can tell you this because each of you must step forward and take an active part within your community to protect the waters within your community from that which contaminates them, to protect the life form in your community that is decreasing at this point because of chemicals that are being used today, even in your community. Step forth, allow your voice to be heard against the continued mistreatment of this which has been given to mankind to protect .

SECHA comes to tell you this because it will have a bearing on your area at the time of the chaos. If your area becomes barren of all plant life and thus all animal life at the time of the chaos, there will be nothing for those who survive the chaos to support life within their body from that time forth. It will be destroyed. And so can you understand now the necessity of what SECHA is saying to you? Life on this Earth must be protected in order for that life which is left on this Earth as mankind to continue to live. SECHA is here to help you, and SECHA is at this time attempting to infiltrate that which is the thinking of others within this community, leaders within this community, and it can be done. SECHA has the ability to so do it, and it will come to them as their own thoughts; but it will be given through this one.

This has been assigned to SECHA and others who have come from the Star Regions as the will of the Creator at this time. Remember that your prayers are not only for those who are living on Earth as humankind, but allow your prayers to go forth for SECHA also. SECHA needs your love, SECHA needs your prayers. It is a responsibility that has been given to SECHA that has often seemed to be overwhelming, but SECHA is aware now of your great love as OMEGA, and SECHA would ask you to be in prayer, that the responsibility of this one who comes as SECHA can be fulfilled. And it would be the joy of SECHA to come to each of you and to talk to each of you individually, with the knowledge that SECHA understands love even as you understand love; and SECHA is your Brother. We are all creations of the one great Creator. We are all here for the same purpose. SECHA would ask that you accept this. Be aware that SECHA cares about your Earth. SECHA comes in love. Go in peace.

MICHAEL returns and would ask you at this time to keep within your hearts the necessity of continued prayer for this one who has come to you. Indeed, that one has need of prayer even as you do; and Michael would come at this time offering this blessing and this prayer. Extend your hands to receive this.

In the name of the Creator, Michael brings this prayer. Look upon these who are gathered here as spirits in body, who have taken this responsibility of being a member of the OMEGA. Know that they are special to you who are our Creator. Bless them with the physical strength that they need; bless them with the spiritual wisdom that they need at this time; and allow them to know that you are indeed to continue to keep them within your love and your care as very special spirits. And Michael would come, asking that you look upon the one who is SECHA and endow that one with a special spiritual strength and a special physical strength. We all come to you and bow before you, Almighty Creator, with the knowledge that without you we would not be. And we give you thanks.

And Michael would ask each of you now to go with the understanding that you are much loved, much cared for, and this will continue throughout your days on this which is the Earth plane. Be at peace.

JEY returns. JEY would again ask that the prayer of Michael be heard for each of you, and JEY continues to keep you in the love of this one. Be at peace until we meet again in this which is the OMEGA, knowing that the guardian of spirit of this one who comes as channel and that which is the gatekeeper for the OMEGA is never far from you in your time of need. Go in love and peace. Amen.
