JEY is here and it is well that you have chosen at this time to communicate as there is a need. As you are aware, there is much that is encompassing your life at this time and thus you are becoming much frustrated by all that must be done. JEY would advise this. . .that you be in a time of meditation in order to focus on those things that are of importance. Do not try to reach ahead into the future, but rather take one day of your life at a time and seek to accomplish all that can be done during that time. The future will care for itself. believe that!

At this time allow JEY to tell that there is a need for the one who is known as **MESSENGER** to again communicate with you. Be at peace and know that indeed that one comes in the will of the Creator. Go now in peace. Amen.

AMEN! This one again comes in the will of the Creator and will identify again as **MESSENGER OF THE CREATOR**. Be at peace and know that this one comes with Truth and in Love.

As you are aware, there is a need for those who are **OMEGA** to become fully aware of the impending change in the Earth. They must be prepared to accept that which will occur. What this one can foresee is that there is an imminent expectation of change that will begin; in other words, the changing of the Earth has now begun and you must be aware that there will be great fear, even among **OMEGA**, because such has not occurred for many eons and there is to be an overwhelming number of spirits-in-body that will be affected .

What this one would say to all who are **OMEGA** is this. . .Prepare now for that which is in the future. Know that first it is necessary to be strengthened physically and spiritually. Then think of survival skills, for without the strength of spirit and strength of the physical body, there will be no desire to survive.

This one who comes as **MESSENGER** would also say this. . .that at this time in the history of the Earth there appears to be a divergence of views among those who call themselves scientists on the Earth. Some are in full concurrence with the idea of the Earth change, while others see nothing that should cause alarm. This one would ask that you begin to question those who work in the areas of science and begin to get their opinion.

Of course, it has been pointed out to you that there will be an awakening due to the emergence of a planet among the stars; and it is known that this indeed is now at hand. What this one would say is that it would be wise to communicate with those who are in the field of astronomy who would recognize such change.

Be aware that as the violence becomes more acute within the Earth, so it will increase on the surface of the Earth; and it will, in turn, affect the behavior of mankind. Be at peace, and above all be conscious of your own thoughts and actions with regard to others for indeed you who are **OMEGA** do not wish to allow the physical occurrence within the Earth to affect your actions toward your fellow beings. Know that it **is** important that you carefully watch your behavior at this time. Remember that **love and caring are the key issues involved**, for without love for others those who call themselves **OMEGA** cannot construct the actions that will fulfill their purpose on Earth.

At this time allow this one to further provide a condition that will affect all mankind. Be aware that there is upon the Earth at this time an effort to fully control the thinking of man through that which is called 'religion'. Understand that each one who comes forth espousing a certain belief and certain behavior supporting those beliefs will attract to themselves those who would be followers. Be aware that there will continue to be many who will arise and often be very persuasive. The element of communication which you have upon the Earth today **will** aid them in the distribution of their thoughts and beliefs, often in complete opposition to Truth. Continue in your search for strength and Truth, but know that there is within you the Spirit that **will** lead you in the search and lead you in acceptance or non-acceptance of those things which may be presented by others. What the **MESSENGER** would urge you to understand is this: . .That there is no need to follow after the teachings of false prophets if you will **only** listen for the guidance of your Spirit Within. Even as we who are in Spirit come to you, we are well aware that you may often wonder if what we offer is Truth. Again, although we are bound to give only Truth through this instrument, you **still have the freedom to ask for confirmation of this which is given!** Simply allow **your** Spirit Within to guide you in acceptance or non-acceptance, and continue to put aside those things that you cannot accept at this time. **TRUTH WILL NOT BE DEFEATED;** and know that in time you will be learn **to accept all Truth if you will allow your Spirit to lead you!**

Be alert to the change that will occur upon the Earth. Do not become **alarmed**, but simply continue to strengthen the physical body and the Spiritual aspect of your being, knowing that the will of God is for you to act as an instrument **for good** during the time of great chaos. Go now in peace and allow this one to communicate in the days to come. Go in love. .

JEY returns and would ask that you be able to accept what has been given. Go now in peace and allow JEY to talk in the day to come. Amen.
