

July 13, 1993

Allow JEY to give information that must be distributed to all who are OMEGA.

First, there is the topic of the meeting of OMEGA. know that it is to be a meeting of importance; and now that those who are in Spirit will be present with you who attend. Know that it is important that the ones who gather will be given information regarding their role in the chaos that is to come. Understand, too, that if there is information of importance, it must be distributed to all who cannot attend.

It is with much love that JEY is able to communicate this to you.

At this time JEY would ask that you be receptive to other information. First, with regard to your role in the gathering, know that there are many who will be present who have the ability to communicate with their guides; but be aware that as they communicate, it is often for the opportunity to gain revelation for their own lives. What JEY needs to give is information that will be necessary for all who are OMEGA. JEY would ask that you provide an opportunity for the use of voice, that those who are present may be able to hear what is to be said. There is nothing that cannot be shared through writing, however, but it is important that JEY be given an opportunity to communicate through voice.

At this time JEY would suggest that all who attend would be prepared to allow their voices to be heard with regard to their strengths and weaknesses. Know that it is important that each one have an opportunity to speak, for it is through such that much will be learned by all who are present. And so as you gather, provide a time for interaction between individuals who attend. That is of extreme importance.

Then JEY would advise that it is important that you and others who are present would provide a time of meditation, for it is through **meditation** that you will be able to receive much with regard to those things that will strengthen each one individually; and while you who are OMEGA meditate together, there will be an opportunity to receive much through the energy flow that is created when many of like mind provide an opportunity for Spirit to work with you.

JEY would further ask that you be patient with regard to that which is to come, for indeed those of you who are Spirit-in-Body can become overloaded with negative information that will interrupt the positive flow of energy that is needed. And it is to be noted that the negative events of the Earth that are taking place at this time have many who are OMEGA concerned about what is to come. Be patient with regard to that which is to come and wait upon the will of the Creator, for there will be a time and place for everything that is important to OMEGA. Just know that you at this time should be allowing much time for prayer and meditation in order that you will be strengthened spiritually; and if you allow that to occur, **there** are no other immediate worries.

JEY would ask that you give thought to opportunity simply to gather and share your energy and love, for indeed you will be strengthened through this meeting. There will be many close ties formed by those who attend, and much will be provided in hours that you are together. What JEY would **attempt** to do is simply to cause a further bonding of all who attend, a further strengthening of resolve to be prepared for what may lie ahead.

JEY does not come as a bearer of negative information but does come with much love and **much** resolve to help in all that you do with regard to further distribution of Truth upon the Earth Plane.

At this time JEY would ask that you continue your efforts to help others, that you continue to share Truth, that you be available to help others who are in need, and that you continue to allow your Spirit Within to guide your daily life. That is of importance!

It has been said to you that you must be content to just be; and JEY would provide that this is indeed important at this time. JEY is aware of the events that are taking place on the Earth at this time, JEY would look with much concern at all the disasters of the Earth at this time. What JEY must help you understand is that these are warnings of that which is to come, for mankind is continuing to move further and further from the will of the Creator with regard to the treatment of fellow man and treatment of the Earth Plane. This must be corrected; and so as you are concerned about the coming event of the chaos. remember that it is important that you provide time daily for prayer for peace, for prayer for the restoration of the Earth to a time of calm, and for a time of peace within self.

Give of your strength to help others as you able to do so, whether it be a word of encouragement or an act of kindness, for everything that is **done** in Love will help at this time.

JEY would ask that you give time now to communicate with another who comes in the will of the Creator. Be at peace and know that JEY remains as that which is guardian of your spirit. Go in peace.

JOHN is here and comes again to give Love and to communicate. JOHN is aware of those things that encumber your life at this time and is aware of the needs that surround you; but JOHN would suggest to you that there is now an opportunity to relax and be receptive to the will of the Creator to the extent that your life can be completely guided. And so comes now to discuss that will be a topic of v for those who are OMEGA.

First, let it be known that JOHN continues to be given responsibility for OMEGA. It is not that OMEGA is not in the will of the Creator, but rather those who are OMEGA need to be buoyed up in their resolve to carry through with the goal of OMEGA.

JOHN is aware that as Spirit in-Body one often falters and is weakened by the daily needs of the body as it completes the necessary tasks that must be for their care and needs of the body.

John at this time would continue and discuss this topic. There is within the Earth at this time so much that brings to concern to those of us who are in Spirit We who are in Spirit seek only to send our energy and attempt to help mankind, but it is through those of you who are Spirit-in-Body that the necessary action can be taken. As Spirit we can only prompt and provide spiritual energy; as Spirit-in-Body you have opportunity to work with your hands and your mind. It is through such actions that you have the opportunity to change the course of events.

Often mankind simply vegetates and allows the events of the Earth to roll past them and take no interest in what is occurring; but it is important that you be active in sharing your knowledge and strength to combat many of the negative ideas and actions of the Earth. Know that there are those things of negative nature penetrating all facets of life on the Earth, and it is only when those of you who are aware of Truth can interject your ideas and actions that the chain of events can be changed. JOHN would again suggest that you take time to influence the actions of others by sharing Truth with them.

It is known throughout the Earth, of course, that Love is a powerful element in the life of mankind; but through wars and negative actions between mankind that Love is being trampled underfoot. Violence will not create an atmosphere for peace and Love; and the use of violence to stop violence does not answer the needs on Earth at this time. Let your voices be heard. Know that it is important that you attempt to influence those who are in control of the nation, and let them know that there are those who seek after peace through Love and caring and that there are those who do not accept the idea of warring against others in the world.

What JOHN would suggest is that you make time for discussion of those things that can be done to further the cause of Peace and Love on Earth. You must understand that your thoughts and prayers are of great value in changing events; and it is through such that you can change the world if you are so minded.

JOHN would ask that you attempt to provide time in your daily lives to communicate with others. . .whether they be those who are in government or those who are simply in your community.. .and attempt to provide information that will change their lives.

JOHN becomes concerned now that as Spirit this one is able to view that which is occurring throughout the Earth, and does indeed see the results. But JOHN can tell you that mankind will respond to love and Truth; and so it is your duty to attempt to help those situations through your words and actions.

Now allow JOHN to discuss another topic. As you prepare to meet as OMEGA in the days ahead, know that it is important that you be in prayer for the meeting

May each one go forth to the meeting, strengthened by their Spirit Within in order that they may serve as instruments for the Creator. Know that the meeting will be important and that much will be resolved if all are prepared through Spirit for the meeting. It is a time of regrouping, of rekindling purpose, of strengthening resolve, and of sharing Love and Purpose. Know that as OMEGA you are not alone for you have within your being the strength to share with others and to be part of that which is a chosen group.

Understand this. . . that those of us who are in Spirit do not choose to make decisions for you, but we do attempt to provide information that will help you to become stronger in your efforts as you seek to grow in spiritual truth and to help others along your path. JOHN would say this.. .that although you are not aware of the exact time when you will be required to fulfill your purpose on the Earth Plane at this time, you are nearing the time when you will need all the strength, spiritually and physically, that you can muster. Be patient. Know that all **will** become apparent to you in good time. We who are in Spirit would encourage you to simply live each day fully, with the awareness that you are in the will of the Creator and that you are given the assistance and knowledge you need at the time when it is needed. Go in the realization that you have nothing to fear but rather that you have much for which to be thankful. Be at peace and go in Love with the realization that you are in the Love and Care of those who are in Spirit. Go now in Love. Amen .

JEY returns and would ask that you simply be at peace and consider the hours of the day that you are given. Your

purposes and goal on the Earth will be fulfilled. Simply accept that and know that each day will add a new dimension to your accomplishments on Earth. Expect and accept that which is the gift of the Creator to you. Know that you will experience the gift of Love as you attempt to proceed on the journey that you are now following. Be at peace.

Go in Love. Amen.
