JEY is here and is well aware of the necessity to communicate at this time. JEY is also aware of the many discussion which you have had and which contribute to the deeper understanding of those things of Spirit as you have gathered here. JEY is at this time aware that there is a necessity to contribute to your meeting in this way.

As you have gathered here, it has been with effort on your part because you were well aware of the fact that is a necessity that you gather to be with each as you indicated those things that were on your heart and mind. What JEY would suggest at this time is that you continue to remain in meditation and allow JEY simply to talk with you.

First allow JEY to address this.. .that as you are now preparing to further understand additional information that has been given to you.. .and can be given to you.. .with regard to those topics which you have discussed, know that JEY would urge you to attempt to learn all that you can as you seek for a greater understanding of the greatness of the Eternal Creator of all things. It is important to your urgency upon the Earth.. .the fulfillment of the purpose which you have.. .that you open even wider the vision of things that can be. And so JEY would encourage you to seek Out those things that your own Spirit would allow you to understand at this time and would allow you to accept. It is not foreign to your way of thinking that you become educated for indeed in your lifetime you have learned much; you have opened your heart, your eyes, your mind to many things that have led you to be educated. But know that what you are to learn is of even greater importance to you, for you are willing now to open your hearts and your minds to those things of great Spiritual importance to you.

JEY would encourage you not to be lax in your efforts to continue to learn, for it is in such learning that you will have the ability to more fully understand what is to occur upon the Earth. The Earth, as a part of the Universe, must be dedicated to the service of mankind even as you are dedicated to the service of mankind, for the Earth as a living entity is here to provide that which is a resourceful life for those that preside upon the Earth. Still mankind has not sought to protect this resource that has been given, but rather mankind has provided a negative import to the Earth. And so as you can further understand that, you will be able to understand those things that are necessary to bring about a cleansing of this Earth upon which you live. And therefore JEY would encourage you in your efforts to learn more, to open your hearts and your minds to those things that will help you to be of greater purpose upon the Earth at this time.

What JEY would further suggest to each of you is that you be open to the impact of Spirit Within your own life. In other words, allow the Spirit to become a part of your life each day, for even as we communicate through the voice of this one you have the ability to allow Spirit to communicate with you. It is important insofar as it will help you to become more firmly planted in this place which you call your area' in order that you may be able to receive the help of Spirit when the time comes. And so JEY would encourage you to daily open your heart, open your mind, and invite your Guardian of Spirit to begin to work with you to the effect that you will be able to more fully understand the messages that can be brought to you from Spirit.

Ask that the Spirit Within you would guide you in this effort, for it is through such guidance that you will be able then to openly communicate with those who come to you as your Guardian of Spirit. Do not be fearful but rather look upon this with much Love for it is with Love that your Guardian of Spirit can come to you daily and indeed enhance your life if you are aware that they can be in a time of communication and that you may indeed return that communication to them.

It is important that you be aware that as you seek out more fully the topics that you have been discussing know that they will lead to the further encouragement that you need upon the Earth at

this time. DO NOT BE FEARFUL! Know that JEY has come to you in the will of the Creator, has come with much Love for each of you, has come to help you fulfill your purpose upon the Earth at this time. Even as JEY has come with much Love and in the will of the Creator, even so will your own Guardians of Spirit come to you with Love and in the will of the Creator.

It is important that you learn to understand that those who are your Guardians of Spirit have a responsibility to you in this lifetime upon the Earth. Therefore, they will seek to provide for you the guidance and protection that you need each day of your life; and you will encourage that guidance and protection as you will allow them to become more fully a part of your life upon the Earth. You have the ability to become a strong and stable aspect of life upon this Earth. ASK FOR IT. BE WILLING TO ACCEPT IT. And even as you have been told in the reading that was just given to You, BE PATIENT IN YOUR EFFORT but be prepared to receive the information that is to be given to you and be alert to the opportunities that you have to receive the information.

Know that those words as well apply to you as you increase in the ability to fulfill your purpose upon the Earth. JEY is here to encourage you, to tell you that you are not alone in your efforts on the Earth at this time, and to give you the guidance that will help you provide a greater understanding not only to self but to others who are in your life upon the Earth. You are a beacon of light for many! Do not fail to let your light shine in order that others may be encouraged by what you do and by what you say, in order that you may be able to help others be prepared as well to help self.

JEY comes with this encouragement for you and does come to again allow you to know that JEY has been in your life because it is a part of the overall plan for your life upon the Earth at this time. This has not come about simply by chance but by plan and as you are aware, what you see and what you know in this very room at this time simply will be enlarged and will be shared with others throughout the area in which you live in order that you may become the beacon of light that you are meant to be. Encouraged by this time of meeting, be aware that you have the opportunity now to go forth from this place, strengthened in Spirit, strengthened in information and strengthened by the encouragement that you have received. We who come in Spirit give thanks for you. We are encouraged that you give thanks for us who have worked for you and with you as well. And we ask your prayers and we ask your further encouragement to us as we attempt to help you upon the Earth Plane. Go now in Peace. Know that JEY has come for Gatekeeper for OMEGA, has come a Guardian of Spirit for this one who allows her voice to be used, and this one does come in the will of the Creator, that we may further help you in your earnestness as you seek to fulfill your role upon the Earth. You are indeed encouraged, you are loved. Go now in Peace. AMEN.
