JEY is here and does come at this time because there has been an atmosphere of much Love much Truth, much Trust in this which is your meeting. And so JEY has been with you and does come now again to communicate with you and to allow you to know that those of us who are in Spirit have experienced with you the event which you have just witnessed. (We had meditated during the "Great Experiment.")

It is important for you to understand more about the strength and the beauty of such an event as that which has been the meditation that you have experienced during this meeting. Allow JEY to tell you this. There is an opportunity for those of you who are seeking after Truth and who are seeking to help others upon the Earth Plane. Know that opportunity lends itself to the help of the Spirits. We who are in the Spirit Realm are aware that those of you have planned this time of meeting and did seek after that which is simply the opportunity for those of us who are in Spirit to strengthen your own ability here upon the Earth. And so those of us who are in the Spirit Realm and who have felt your call are simply now able to share with you the experience as we have seen it from the Spirit Realm.

Allow JEY further then to tell you this. As there was an opportunity due to the effort of mankind upon the Earth for those who live upon the Earth on which you dwell, know that opportunity has resulted in a strengthening of positive energy upon the Earth. And as we who are in the Spirit Realm have observed what has occurred we can tell you that mankind will see the results of this effort by those who participated.

JEY would also say to you that you be alert to a change in thought that will come about upon the Earth as the result of that which has occurred. We who are in the Spirit Realm rejoice about this action that has been taken by so many upon the Earth Plane; for indeed it has given us that which you call HOPE, that mankind may be able to change the direction that has been taking place upon the Earth. We would ask you to continue to remain in meditation, that others may join you in that meditation and in that prayer.. .that the positive aspects of this which has covered the Earth at this time may continue and may gain others who will also join with you in this effort, and that it may bear fruit to the extent that the Earth will begin to feel the healing that can take place through the concerted efforts, as you have called it. Know that it is important that you be at peace with what has been accomplished here in this meeting and in other meetings around the Earth, for indeed that is what is going to make a change on the Earth as you know it at this time.

It is important that each of you simply give thanks and praise to our Creator that this which is such a simple way of creating change can be done through the thoughts of mankind. Thus it is that it doesn't take the huge temples upon the Earth or the many who go forth to teach what they feel needs to be taught; but rather, it is the very quiet and simple way of choose to make a difference upon the Earth. And that quiet and simple way is through the prayers and thoughts in a quiet time of those who are Spirit in Body. Accept this for indeed it is Truth. You do not need to take actions that would bring much praise to you or would bring and equal amount of praise to others who are Spirit in Body. Rather, you need these times of quiet where those thoughts can go forth and send forth that which will change the energy upon the Earth Plane.

You now have been part of a change in the energy level of a positive nature. Allow it to continue. Know that you have much to gain by continuing your efforts. And we who are in the Spirit Realm give thanks to each one who participated in this effort throughout the Earth at this time. We do indeed rejoice at such, for it is important that we who have been able to participate with you give notice that there has been a change made as a result of it. Mankind is often slow to change; but know that when there is such an effort as has been made it will have an effect on man. We would ask that you not forget that you are here upon this Earth for a purpose. Your purpose is being fulfilled each time you pray and send forth your thoughts that peace may return to the Earth.. .that the Earth maybe healed. And so as this occurred it is the hope and the prayer that those of us in the Spirit Realm that the Earth will be spared much of the destruction that has been seen as we view it from our place in the Universe. It is important that every effort be made to spare the Earth the destruction that would come, for the Earth is a part of the Universe that is one of great beauty; and we in the Spirit Realm would be grieved by complete destruction as we have viewed it.

It is important now that you begin anew to spend time each day in meditation that would be of a positive nature and ask that the energy of each one who participates would be able to spread throughout the Earth in order that it may be felt by all who are Spirit in Body.. .that all who are Spirit in Body may awaken the strength of the Spirit Within them.. .that all who are Spirit in Body may again seek for the purpose for which they came to Earth. And as that occurs, there will be such a change in the attitude of mankind upon

the Earth; and it would be with great joy that we would see this become a paradise.. .that those who are Spirit in Body would indeed ask for and accept the energies that can cause complete change to a mood which you would call “a great swing of the pendulum” to a positive aspect that could take place upon the Earth.

We do not come simply to encourage you, but to also thank you for your part in this opportunity you have had. We thank you, we give thanks to all who participated. We who are in Spirit do come to encourage you to continue in this effort. Know that there is still a purpose for your life upon this Earth! There will be times when you will be needed to help, as it has been said. But know that mankind can change the course of events. You are part of that. Allow it to continue to be so. Know that JEY has come with much Love and many thanks for each of you who are here. Go now in Peace. AMEN.
