JEY does come at this time and does come in the will of the Creator and would ask each of you to be prayerful at this time for there is indeed an opportunity for another to come who will bring you much in the way of information that will bring peace and joy to your very being. JEY would ask you to understand those things that you have been reading with the knowledge that you have gained from those things that have been taught in the past. Know that as you have heard those Truths being read at this time in this meeting, you must understand that they have come from a source that is knowledgeable of the Truths that you have needed to know. And so as you once again have an opportunity to read, to be exposed to, to discuss those things that have been given to you in this time of meeting, know that there has been much rejoicing in this which is the Spirit Realm. We are now aware that those of you who are OMEGA, those of you who have been seekers of Truth, have now come to that point in your lives, in your journey, where you are able to fully accept the Truths that have been given. And so at this time JEY would ask each of you to remain prayerful, to remain in a time of meditation in order that you may be able to receive this one who will come to you. It is important that you be fully in agreement with your Spirit Within as your Spirit attempts to grant you the guidance that you need, not only at this time but in the times to come. Be at Peace.

MAY THAT WHICH IS TRUTH BE WITH YOU. MAY THAT WHICH IS LOVE ALWAYS GUIDE YOUR LIFE, YOUR THINKING, YOUR ACTIONS. AND MAY THAT WHICH IS UNDERSTANDING BRING TO YOU A PEACE THAT HAS ONLY BEEN ABLE TO BE WITH YOU THROUGHOUT THIS WHICH IS THE ACQUISITION OF THE KNOWLEDGE THAT YOU HAVE.

You are those who are now chosen to complete a journey upon the Earth that has long been awaiting your being present here upon the Earth. And so this one comes in the will of the Creator, but also comes to identify to you as one who has the position of that which you have discussed... that which is 'Master'. So this one will simply identify as one who is known to you as Master upon the Earth.

Those of us who are in the Spirit Realm have no need for such titles, for we do indeed simply enjoy that which is a degree of advancement, a degree of learning. So as those of you who are upon the Earth Plane choose to call this entity, this Spirit a 'Master' then this one will fulfill that role for you as it will benefit you.

This one comes to advise you that those things you have been reading which were given to you through Spirit are Truth and they have indeed been given at this time upon the Earth for review. Those things have been put into your hands as a result of guidance. And so as those things now are available to you, you can once again hear those lessons that were brought once again. Hold them in your heart and your understanding. You now have a greater knowledge of that which is Spiritual Truth; and so this one comes in the role of that which you choose to call 'Master' to further bring you an understanding that will be beneficial to you in these days in your life upon the Earth.

As you who reside in body at this time... and those of us who are in Spirit think of you as Spirit who reside in body for indeed that is what you are... we come now to simply affirm to you that you are here for that which is the will of the Creator at this time. You have chosen to accept that will, you have chosen to be present upon the Earth at this time. And you now simply are willing to fulfill that purpose for which you came to Earth at this time.

We who reside in the Spirit Realm and who have knowledge of things past, things future, can tell you that all things happen NOW. Now is the time where you agreed to be in this element where you now reside. We who serve in the Spirit Realm as that which you choose to call 'Master' have a desire to help those of you who reside in body. That is our responsibility. That is what we have chosen to do. And so now as this one has the opportunity to communicate with you, your Spirit Within you is very accepting of the fact that we are here. We are in your presence and we wish to make our presence known to you through communication.

You will find that your Spirit Within you will rejoice with those of us who are here and you will find that your own understanding of things of a Spiritual nature will be heightened to a point where you will have no desire to return again to that which will be a darkness that did indeed fill your life until you began seeking for things of Spirit. Those of you who have been able to have those experiences will tell that yes I AM Spirit... yes I AM of the Creator... and that yes I can know things that are different from what others who are Spirit in Body can experience. Give thanks for that, for your Spirit has led you and is only urging you on toward that which is the fulfillment of the purpose for which you came to Earth.

You are now within that which is the full control of all things that you must be able to do. You will be able to know without incident that those things which you need to do will simply be given to you through thought. You will have no hesitation about fulfilling that for which you came. You are Spirit in Body, but you are indeed **chosen Spirit in Body**. And this one who comes to you does not mean that your ego, your physical and mental ego, would allow you even for one moment to think that you can be puffed up about such. There are many who are chosen. Few know of the real meaning of that which is being chosen. It simply means that you have agreed to serve in a particular role upon the Earth, and that agreement becomes a contract with the Creator of all things. And so you are under contract. You are chosen.

And so this one comes in the role of that which you know as 'Master' simply to tell you that the contract that you have with the Creator of all things will be fulfilled. **It is not one that you would desire to break nor is it one that can be broken. And so now as you are well aware of your purpose** and those of us who are serving in the Spirit Realm are surrounding you with Love and our Care, it is now time for you to be at Peace with what you are doing for you are now prepared for whatever is to come in your life upon the Earth at this time. Do not hesitate in your life upon the Earth. Continue to spend time in meditation, continue in prayer, and of course continue to seek for Truth. The Spirit Within you is one of great strength and one of great purpose, and you will be led.

Allow this one to say this to each of you As one who has come here tonight to be with you, this one is so aware of the beauty of the Spirits that reside in the bodies of those who call themselves OMEGA. And as one who is here as Spirit in Body for the first time must know, you are one who is Spirit that is ready to expand to that which is the fulfillment of your purpose upon the Earth. You do not need that which is an additional lesson. It can be given to you through your Spirit Within. But it would be wise for you to continue now to seek after reassurance, seek after the support that you can receive from others when in this group.

Allow this message to be sent to others who are OMEGA upon the Earth Plane, and allow it to be distributed in order that all may be at Peace with who they are at this time. This one would come now simply once again to allow you to know that you are not alone, and those of us who are known to you now as 'Masters' are simply those in the Spirit Realm who are here to help you even as they have been doing in times past. There is no time of turning back. There is only that to which you are to look forward. But allow this one to assure you that you need have no fear for you are now on the path of that which is going to be total enlightenment when there is a need for you to act in whatever category you must choose as you fulfill your purpose. Be at Peace. Know that this one has come in Love and with the understanding that Peace now is with you.

JEY returns and would ask you simply to continue in a time of feeling a Peace that you know at this time. Know that the one who came is indeed in the will of the Creator and will continue in your care, in your presence. Go now in Love, and know that JEY does indeed continue as Gatekeeper for OMEGA.

AMEN.
