JEY is here, and does come at this time for indeed it has been a time when you who are gathered here have spent much time in thinking about those things of importance upon the Earth Plane. It is known that those of you who are here have an earnest desire to receive information from those of us who are in Spirit; and so JEY does now have an opportunity to come and communicate with you.

Know that as JEY has said in a recent communication, there are those times when you do indeed have a need to hear from those of us who are in the Spirit Realm; and so JEY does now have the opportunity to come and communicate with you. This does not negate the fact that JEY does indeed have such added responsibilities at this time in the Spirit Realm; but know that we do understand that there is still need that you have upon the Earth Plane and so we do come to communicate with you with Love and in Truth.

JEY would have this to say to each of you who are here at this time, and to those who are OMEGA wherever they may be upon the Earth Plane. There is now an opportunity for you to prepare more fully for that which will be a concerted effort upon the Earth to help others. You are finding at this time that there is much violence upon the Earth; but know that within your own area you are seeing an increased need among those who live within your area. There are many who do not have the opportunity now to continue in an occupation that would provide for them that which would be what you could call "a living" upon the Earth. They are in need of your prayers and your assistance. Do not be overly concerned about your own welfare, but look upon all those around you and provide them an added interest in what is occurring within your area. This is not a time of being 'too involved' in their personal relationships, but it is a time of your being concerned about others who live within your community.

JEY is well aware of the fact that the creativeness of others upon the Earth Plane is being hampered inasmuch as the positive things that should be happening are not happening at this time. There is so much of a negative nature occurring within your very country and in others throughout the Earth; and so we who are here within the Spirit Realm do indeed have much that we must indeed help with upon the Earth Plane at this time. We look upon all who are Spirit-in-Body, and we send out our Love to each one, for you have much with which you must be able to cope at this time upon the Earth. You who are OMEGA are well aware of that responsibility that has been given to you, but know that little has been required of you within your own country. Still, at this time, you do have a time where you must prepare for that which is ahead. As we can see from the Spirit Realm at this time, there will not be a ceasing of violence upon the Earth. It is indeed growing in great number, and you will find that there will be many who are responding in a negative way of looking at the cessation of the violence upon the Earth. In fact, you will find that there are many who find it to their advantage to be in a time of violence, whether it be from greed or hatred. There are many upon the Earth who do not have an idea of what peace is about, for they indeed have lived a lifetime of violence in many countries upon the Earth.

We who are in Spirit would ask you to be in prayer daily, that the energy of your thoughts may be sent out to ALL upon the Earth. We know that this indeed does require time with regard to your life upon the Earth, but know this is part of what your responsibility is upon the Earth. We do not come to beg...but we **implore** you to do that which is necessary to fulfill your purpose. A time of prayer is a time of importance in your life. You have that opportunity, through prayer, to send out an energy that can affect all who are upon the Earth. We who are in the Spirit Realm feel this energy when it is directed to us, and we can assure you that the energy is picked up by others throughout the land in which you live.

We who are in Spirit feel great pain at this time for those who are in a time of great violence. As you are aware, we look upon violence upon the Earth as that which is not necessary; and yet we know that mankind has the capability of being very violent toward others. You are seeing this in your own lives every day when you look at those things which are happening. And

so we can tell you that man does create violence and therefore must begin to turn back and create the beginning of positive aspects. We urge you to spend the time in prayer and meditation that is needed daily in order that your energy may be joined to others and to that of all of us in the Spirit Realm in attempting to turn around this which has been a negative aspect of events upon the Earth. **We ask for your help. We pray for your continued energy that you may be able to spend the time that you need in earning your livelihood upon the Earth and in helping others, but also in helping those throughout the Earth in their efforts to cope with the violence that is rampant. We ask YOU, and we ask as we come humbly to you who are OMEGA, to join us in our efforts to create a time of peace upon the Earth. We who are in Spirit and who have the opportunity to see beyond that which you can see at this time can tell you that your help is needed. AND SO WE COME NOW ASKING FOR YOUR ASSISTANCE, FOR YOUR HELP.** We will assure you that as you are in a time of need where we can provide assistance to you, we will also help you in that way as well.

We ask that you not fall a victim of FEAR, for that will not help in your journey upon the Earth, but that you look with a positive aspect at the opportunity that you have to work as a Spirit-in-Body. And we will ask you simply to turn away any aspect of negative thought that may come your way, and this includes looking at those nations which are at war upon the Earth. Know that negative thoughts will simply send the negative energy that will increase the likelihood of these wars continuing. And so we would implore you to simply put a positive aspect to all thoughts that you send out, knowing that what you can send out of a positive nature will indeed affect that which is occurring upon the Earth.

JEY comes with the understanding that indeed this message may have had for you a fearful aspect to it as well, but we are aware of what is occurring. We are also aware that you who are OMEGA have the opportunity now to help in a way that you did not imagine. JEY is aware that you were looking at your work upon the Earth as being that which was of a physical nature, but you can see from what JEY is saying to you now that it is now turning into a Spiritual nature inasmuch as your prayers and your thoughts of a positive aspect are needed here upon the Earth and also within the Spirit Realm.

Be at Peace with what JEY has come to say to you at this time, and know that JEY will continue to come to you when there is a need. JEY has not forsaken you. Your Guardians of Spirit have not forsaken you; but as it has been said, they have now undertaken much responsibility within the Spirit Realm and this will continue to be so.

Go now with the knowledge that you are loved, not only by the Creator of All Things but also by those of us who work with you as your Guardians of Spirit and as your Teachers within the Spirit Realm. We come now to wish for you that which is Peace within your own hearts and minds and to wish for you that you will have the opportunity to spend the time in meditation and prayer each day that is needed for all who exist....not only upon the Earth but in the Spirit Realm. Go now in Peace and know that indeed you are Loved. AMEN.

Note: This message came Saturday Jan. 12 at our meeting in Mt. Sterling. We will meet again at 9:15, Sat., Jan. 26 at the Dombroskas home in Mt. Sterling and would love to have you join us!
