

MESSAGE FROM JEY June 5, 2002

JEY is here and comes now aware of that which has been discussed during this time of meeting and will tell you that deep within your understanding you are aware of what needs to be done upon the Earth at this time. You are also aware that you are not alone in the purpose that you hold so close to your heart at this time, for there are others upon the Earth Plane who are seeking after the same ideals that you are searching for at this time. And those of us who are in the Spirit Realm and who are now allowed to help you in your life upon the Earth Plane can tell you that we are seeking also to envision that which will be an Earth where there will be a reign of Peace and Joy and Love upon this which is a beautiful planet within the Universe. We would ask you not to be alarmed at those things that are occurring upon the Earth at this time. Know that mankind has gone through many eras of violence upon the Earth; and yet the Earth has withstood that which has been violence and hatred against others who are upon the Earth.

We come not to intensify your feelings of disgust and a time of being in despair about what is occurring. What we are here for is to help you to understand that mankind does indeed have a penchant for that which is warring and hatred among each other; and we are trying at this time to help mankind overcome that. We would ask you simply to be at peace again with where you are and what you are doing for indeed you have chosen this lifetime upon the Earth. You have chosen to be here, to do what you are involved in doing at this time. And what is important for you is to be strong in your purpose; to be strong in your desire; to be strong in your prayers and meditation. JEY does not ask that you spend every hour of your day in a time of prayer and meditation, but that you simply live as though you believe that what you are seeking will indeed evolve from all that is occurring upon the Earth. It is not so important that you believe in a certain religion or certain belief that others may hold, but simply that YOU HAVE A PURPOSE AND THAT YOU HOLD THAT PURPOSE CLOSE IN YOUR HEART AND ALLOW YOUR SPIRIT TO GUIDE YOU IN FULFILLING THAT PURPOSE.

Life upon the Earth was never meant to be devoid of all trials and temptations and tribulations. This was not part of the pattern for life. But you are here to experience many things, and throughout many lifetime you have indeed experienced many things.....not all things of joy, not all things of hatred and temptation, but rather you have a mixed group of experiences that have made your Spirit what it is today.....one of strength. And were it not for the fact that you had so many experiences so that your Spirit has been tempered and strengthened, you would not be able to withstand this time upon the Earth. Your Spirit is leading you! Have no fear about that. We who are in the Spirit Realm and who have been assigned to be your Guardian of Spirit are just that! We are not the Guardian of your life upon the Earth; we are the Guardian of your Spirit. You are allowing your physical mind to make decisions each day about your life, but you have been asked to allow the Spirit Within you to attempt to guide you in making those decisions. And it is through this guidance of the Spirit that you are now completing that which is a purpose for which you came to the Earth to do. You came here to help mankind during your lifetime upon the Earth to become more aware of their relationship to the Creator of all Things. You are doing that! If you look beyond the area in which you sit at this time and think upon those lives that you have touched in this time upon the Earth, you will realize that you have been fulfilling a purpose for which your Spirit came to Earth.

The Spirit Within you does indeed dance with joy.....if you wish to use that expression....for that Spirit is so overjoyed with what it has been allowed to experience during your lifetime. And now you are here, you who are known as OMEGA, and are fulfilling a purpose for which you prepared during lifetimes before. You allowed your Spirit to become strengthened in many ways by experiencing life in various bodies upon the Earth. You are not just a person whose name you hold in this body. You are an embodiment of a Spirit that has existed for all time and will exist for all time. You are aware, of course, that there have been

many times upon the Earth when mankind has formed a group that you might call a church or a belief or a religion where they have been TOLD what to believe. That is not as the Creator of All Things would have it to be. The Spirit Within you is OF the Creator and it does indeed have the power and the wisdom to guide your thinking if you will allow it to be so. You have to allow it. You cannot control the actions of the Spirit and still allow it to lead you. Be aware that as you ask the Spirit Within to guide you, you strengthen that Spirit with the desire to guide you in your thinking and in your daily life. Seek for that with much Joy for you are simply asking that that aspect of the Creator of All Things will be your daily companion, your daily guide. You, of all creatures upon the Earth, have the ability to ask that the part of the Creator which resides within you be with you and help you every day of your life upon the Earth.

What is important is that you seek to pray for others, that they may be aware that the Spirit Within them does indeed have that ability as well. Be joyful about that! Be joyful about the knowledge that you have, that you are simply here to allow your Spirit to become strong and to become a leading force upon the Earth at this time. Pray for others who are in control upon the Earth. Ask that they will allow their Spirit Within them to become a guiding force for them as well. We who are in the Spirit Realm all have that which is a Guardian arrangement with the Spirit in all of mankind upon the Earth. We can tell you that there are many in the Spirit Realm who are working today with those upon the Earth who will allow us to work with the Spirit Within them. And those Spirits are being strengthened every day that they allow that to be so.

You are blessed! You need have no fears. It is through fear that you lose the vision that you have upon the Earth, and that is to allow your Spirit to guide you. Fear simply robs you of that enjoyment you have of knowing that your Spirit is guiding you. All you have to do is allow it to be so. Ask daily that your Spirit will guide you, then believe that it will and then allow it to guide you. The allowing part is important, for you can pray for your Spirit to guide you and yet have such a closed mental aspect that you will not allow it to be so! When you ASK for something to be done, something as critical as allowing your Spirit to guide you, and then open your vision and allow it to be done, it can be done! JEY again would ask you to NOT let FEAR be part of your life. You have nothing to fear. You are following after that which is your Spiritual Path....that for which you came to Earth. Know that you are achieving that. It will be achieved to its fullness. You are doing what you came to do. You are open to receiving the help that you can receive; and those of us who are in Spirit are here to help you. We do not ask for anything in return except that you be open to allow your Spirit Within you to guide your thoughts and therefore your actions. YOU are among mankind's choice upon the Earth at this time. You came here for a purpose; you chose to be here; and now you are fulfilling that purpose. May the Creator of us all be praised, for that indeed is what the pattern of your life is at this time.

Be at Peace with this. Be Joyful about this. Go in Love from this place, and know that the Love that you feel will be felt by others who come into your presence. You are to be thanked for that which you are doing; but thank and praise our Creator for that which you are doing, for within you is that part of the Creator that allows you to KNOW of your relationship and the unconditional Love of our Creator. And with that in mind, you are blessed beyond all that could be envisioned upon the Earth a few years back in your life.

JEY would ask you simply to be at Peace. Go forth from this place with a new purpose and increased vision of what you can do. And know that every life that you touch in the days to come will be important, for you are here on a mission. You have a vision. You are here to see that vision is fulfilled in your lifetime as Spirit-in-Body.

Be at Peace with this. And JEY would tell you that you need have no fear about anything...not at all...in this lifetime, for you are OF the Creator. You have no fear at this time. And know that as others have come to you, not only of the Spirit Realm, but others have come to you with Love from outside the Spirit Realm....others in a body form as well. They have come to help you in your understanding, and they are here to continue to help you. Have no fear! We come in Love. We come as simply that which is OF the Creator, and we intend to stay with you,

to guide you, to help you in all ways that we can. You are much loved by those of us who are in Spirit, and we surround you now and will continue to surround you with our energy and our Love. Be at Peace with what you are doing and who you are, and know that indeed ALL that you came to fulfill will be completed. We pray for you, even as we pray for others upon the Earth Plane. Go now in Love and feel the Peace that can be within you and surround you at this time. AMEN.
