

MESSAGE FROM JEY, 7-27-2003

JEY is here and does come with great thanks for indeed this has been a time of gathering where those of you who are here have indeed opened your hearts and your minds for that which is Truth. JEY is aware of the necessity for each of you who are here to be here at this time and does indeed come to give thanks to the Creator of All That Is that JEY has the opportunity to work with those of you who are OMEGA upon the Earth.

It is now a time a time for JEY to continue with regard to those topics that have been given in the material which you have just read. (We had read the 7-06-03 message.) Allow JEY to say this to begin. As you have the opportunity to re-read that material, it is important that you do so for there is much that has been touched upon that needs to be reviewed over and over and over again. JEY is aware that as your mental self attempts to absorb all the Truths that are given in the information sheets that you have in your possession, know that many times....because of your method of things.... many Truths are simply not absorbed at a given time. And so it is so important that you continue to go back to review these Truths that are given to you. This is not for the glory of the one who comes as JEY! JEY is simply a messenger that comes to bring these messages of Spirit; and so JEY can urge you to go back again and again to review and reveal those Truths that are contained within. And with that said JEY wishes to come now to give more information that will assist you in your understanding of your very being upon the Earth.

As you are aware, and as you have been told, that which is your physical body does have a purpose upon the Earth. It is simply that of housing your Spirit, which is the reality of you. If you could but set aside this which is your physical body and simply allow your Spirits to communicate with each other here in this gathering, you will find that there is great joy that can be shared by those Spirits within the physical body. It is an opportunity for you to attempt to allow your Spirit then to simply come forth and share the joys that the Spirit knows with others who are gathered here at this time! And then reach beyond that and allow your Spirit at this time to go forth to all who are OMEGA and simply communicate with the Spirits of others throughout his Universe in which you live which are known as OMEGA and which are following after that which is the Spiritual path that is necessary to prepare each of you for that which is to come in the future upon the Earth Plane.

Know that as you live upon this Earth, you have been here for a purpose. You are aware of that purpose....mainly to be that which is a gathering of OMEGA upon the Earth. You have been given this name down through all of Eternity as you have been aware that you are preparing to be here on Earth at this time in the history of the Earth. And know that as your Spirit has now come this far, it is because your Spirit has been willing to come this far. It has been willing to serve the Creator of All That Is. And so you can rejoice in that, knowing that the Spirit within your body is one of great strength and one of great knowledge at this time. And you can learn from that Spirit which is within you. You do not need books to learn from; you simply need to allow your Spirit to be open to you so that your mental self can garner that Truth that is contained within the Spirit. And if you will allow that to happen, you will again rejoice that you have been able to receive information of such value. It can be done. And if you allow it to be so, it will be done!

And so at this time JEY wishes to add additional Truths for you as well.

You have been discussing those things that have occurred upon the Earth, those things of a natural occurrence, a physical occurrence. This has nothing to do with the Spiritual aspect of the Universe. Rather it is change that is brought about always through those things of nature, and as these changes take place upon the Earth and people are involved in those, you are going to find that there will be destruction, there will be passing to Spirit of many people. But know that you have been preparing for this in your recent lifetime upon the Earth. You have been told that there are going to be physical changes, and that time is now drawing much nearer than it has been in the past. But know this. You do not need to fear. You have been prepared for this time. Your Spirit is here to lead you through this time. Simply know that you are of a Spiritual nature now because you have allowed your Spirit to become a part of that which is the overall Spirit of OMEGA. That is indeed important to you at this time! You are not working alone. Those of us who are Spirit in the Spirit Realm, those who are known in the Spirit Realm also as OMEGA, will indeed become a part of you as you work together as Spirit. And so we who are in the Spirit Realm at this time give thanks for the knowledge that we have and can share with you.

It should at this point give you much peace to know that the Spirit Within you can work with all other Spirits who are OMEGA upon the Earth. That does indeed form a cohesive group that will be able to

share information Spirit-to-Spirit. And as you open your heart and your mind for your Spirit to communicate with you, know that it can be sharing with all others who are OMEGA and who are opening their Spirits to that which will be an OMEGA connection. It is important that all who are OMEGA would share the message they receive with others who they know to be OMEGA and yet have not been receiving the information which has been sent out from this which is known as a seed group. It is important that you be alert to information that your Spirit would share with others.

And JEY would say that it is important for each one throughout OMEGA who have received the message which was read during this time of meeting would indeed allow their Spirits then to communicate the Truths within that communication so that many, many upon the Earth Plane will receive those Truths. It is something that can be accepted by everyone who is Spirit-in-Body, for indeed their Spirits will work with them in order for them to be able to accept.

JEY is further aware of this, that you have some concerns about what your role may be upon the Earth when there is a physical occurrence that will bring to mind that great changes may be taking place now and will take place. JEY will tell you again, as JEY has said in the past, 'Be ready mentally for your Spirit to guide you during those times.' You need have no fear. JEY can tell you that within your own area and in other areas where those who are OMEGANS live, they will be protected. And so it is important that each one who is OMEGA on Earth would know that. They will be protected. They will be guided with regard to the actions, physically and mentally, which they should take.

But above all keep in mind that the important aspect of each of you who are OMEGA at this time is the Spiritual aspect. You are now fully a Spiritual being that can direct your own ways upon the Earth with regard to actions that you need to take. And so as you now face that which may be a challenge in the weeks and months to come, know that your spirit will guide you; but you must be willing to allow it to guide you! Oftentimes those who are Spirit-in-Body seems to lose control of thinking in the time where there is an emergency, and so that may very well be what will happen unless you allow the Spirit Within you to guide your actions and to guide your thinking. Simply say to self, "I have nothing to fear. I will follow after the will of my Creator, and I will allow my Spirit to guide me." That is all you need to do, and you will be carried forth to do those things that are necessary for you to accomplish during the times when there may be emergencies upon the Earth Plane.

At this time JEY wishes to approach another subject as well. As you are aware, there is much violence occurring upon the Earth throughout this beautiful planet which you call Earth and which you call your Earth home. Know that you have lived here during many, many years of violence; but violence seems to be escalating throughout every area upon the Earth at this time. JEY will tell you that there is unrest among the physical and mental bodies of many people upon the Earth. It is now time for you to allow your Spirit to go to work with each country that is now besieged by death caused by violence. It is not time now for so many people to be losing their physical lives violently, as they are, and you must allow your Spirit to have free access to all those who are needing help at this time. Continue to allow your Spirit to go to work with the leaders of your country; but know that there are many groups which are seeking to take control of countries, and bypass that which would be the leader. Therefore, it is urgent that you seek to go to those groups within countries that are seeking to take control and work with the leaders of those groups. Their Spirit will indeed hear your Spirit; and it is urgent that you let this occur.

We who are in the Spirit Realm see the outcome of all that is happening upon the Earth at this time, and we can say to you that you have an opportunity now to help avert a complete catastrophe upon the Earth if you will allow your Spirit to go and work with others who are Spirit-in-Body within the various countries upon the Earth. JEY does not say this to frighten you; but it is clear to you as OMEGA, for indeed you have the ability to think clearly with regard to what is occurring upon the Earth. And so JEY would urge you to allow your Spirit to go work with those various groups within countries upon the Earth in order that they may be led to make right decisions rather than dwell upon violence in order to destroy another group or another country.

We who are in the Spirit Realm look with much sadness upon what is happening upon the Earth, and we would urge you to do that which we cannot do, and that is simply to go to others upon the Earth and spread that which is joy through Peace, not through violence. Know that you have the opportunity each day to meet with others in your life and share with them the concept of Peace rather than violence upon the Earth. This can be done through person-to-person communication; but let your Spirit go and do the communicating, and there will be a totally different outcome.

Those people who perhaps would not listen to you upon the Earth as a body on Earth will indeed have to be able to allow their Spirit to communicate with them and therefore attempt to control their

thinking. Your Spirit does not attempt to force itself upon you, but does when given the opportunity attempt to make those moves upon the Earth that will change the direction in which a person is beginning to move. And so you may indeed have an opportunity to change the thinking of a Spirit-in-body to Peace rather than to a negative violence upon the Earth.

JEY is aware, too, of this. As you have been seeking after that which is Truth upon the Earth, as you do indeed receive the Truth it has changed your way of thinking and your way of looking after others upon the Earth. Others then have gained much in the way of positive thinking because of your positive thinking, for indeed it is contagious. And as you move beyond self and allow your Spirit to be in touch with others who are Spirit-in-Body, they can indeed feel that which is the positive thinking which radiates from you, and this does indeed touch upon their Spirit Within them which will in turn cause them to do more positive thinking!

JEY has so much to say with regard to all that affects your life upon the Earth; but JEY does not wish to simply burden your body at this time and your mental self at this time with so much that must be entered into your thinking and dealt with in your thinking. But allow JEY to say this as well. As you now begin a new week upon the Earth and must indeed deal with what you have learned during this time of meeting, know that you can go forward with much joy, knowing that what has been given to you has been Truth. JEY does indeed, at all times, come in the will of the Creator and does come to give only that which is Truth. You have been told this so many times; but know that JEY cannot do otherwise. JEY comes to be Gatekeeper for OMEGA, and therefore has responsibility and must abide by that responsibility and the will of our Creator. And so as JEY seeks to help each one who is here and each one who is OMEGA throughout the Earth, it is indeed a big responsibility; but JEY has accepted the responsibility. NOW you have the responsibility of going forth as that which is Spirit and helping others to understand their role as Spirit-in-Body upon the Earth. You can do this by using that which is a very simple illustration with regard to life.

You can quote that which is the Spiritual lesson within that which you call your Scriptures. It simply says your body is a temple in which your Spirit dwells. You can quote that to all people who profess to be that which is called a 'church member'. They cannot deny that which they hold as their Scripture. There is much that is overlooked in the teaching of those who become the church teachers! But that is one scripture that every church teacher should give great thought to, for it is that Spirit Within the physical body that you have that is of great value, that is of the Creator, and will continue to live throughout all of Eternity. That is worth giving total time and information with regard to others being able to understand....that the Spirit Within them is OF the Creator. That is the message that you can share without fear of being pushed aside, because that is a message that they feel does come from the Creator because it is IN what you would call your Scriptures.

Know that our Creator does not play favorites! Our Creator wishes that all the Spirits that are within the Spirit Realm and upon the Earth, each and every one of them, would be able to enjoy the life in body that they have been able to have. But know that unless they are able to control the thinking of that physical mind and body, they cannot truly enjoy life as Spirit-in-Body! And so JEY would ask you simply to think about not only your own Spirit Within and all it can accomplish, but about the Spirit Within all others who are within your knowledge upon the Earth Plane.

It is important that you give thought to prayer for each of those.

And so at this time JEY would ask that you not be fearful of what you begin now to feel lies ahead for you. You need have no fear. You are strong in your mental aspect, you are strong in your physical aspect. But above all you are now strong in your Spiritual aspect. JEY gives thanks that you can understand it, that you can apply it at this time upon the Earth, and at this time would simply once again ask a blessing for you from your Creator. JEY would at this time address the Creator of All That Is and ask that you be strengthened, that you be able to rely upon your Spirit and will rely upon your Spirit each day, that you use the resources that you have within your Spirit to help others to understand the Spirit Within them. And may you know, then, that you have before you a responsibility, but know that you are guarded carefully, that you are given information that you need to help others, and that you will indeed be able to do all that is required of you in the days to come.

Again, JEY would urge you not to be fearful. Simply open your heart to the guidance of your Spirit, no matter what may occur in your life in the days and months ahead. You have the strength to overcome anything that does project itself into your path. And so at this time JEY would ask that you be patient, that you rely on your Spirit, that you let your Spirit help others upon the Earth, and that you give time each day of your life to be in meditation in order that you may be fully prepared for all that does come

in the future. JEY give thanks for each of you and does indeed ask that you continue to be that which you call 'yourself'....and that is seeking after Truth. Know that you do indeed become a seeker. Go now in Peace and Love and know that JEY shares that great Love with each of you and will continue to do so. Be at Peace. AMEN.
