

## MESSAGE FROM JEY, 2-15-2004

JEY is here and has been in your midst during this time of meeting. JEY comes to give thanks for those of you who are here, for indeed there is within your physical body that which is a Spirit of much beauty that each of you do embody. JEY comes to give thanks for each of you, and can assure you as JEY is here that which JEY will speak through this one who is the instrument will indeed be that which is Truth. Know that JEY does, as always, come in the will of our Creator, for indeed that is the only way that JEY can come and be in your midst, and give the information that does indeed come through for you. JEY does give thanks for each of you and would ask you to remain in a time of meditation as JEY comes to give information.

JEY is aware that indeed your Spirit has rejoiced within you at the information which you have just read (the message from JEY and the INITIATOR from the previous meeting). Know that as JEY is here and can indeed attest to the Truth of that which was given, you can be assured that the Spirit Within you is well aware of the Truth that was given and does rejoice in that information which you received. JEY would ask each of you who have received the information to guard against being over zealous with regard to the information that was given to you. In other words, JEY simply will ask you to accept it as Truth, but do not think that you must go forth and try to 'save the world' because you were chosen to receive this Truth.

What you are about is simply allowing the Spirit Within you, which is OF the Creator and which will eventually return to the Creator, to be freed to go forth to do the work that it has chosen to do during this time of living in your body upon the Earth. You are indeed that which is a vessel...a vessel of that which is the Creator's desire to fulfill through your Spirit Within all that needs to be fulfilled upon the Earth at this time.

There is indeed something beautiful about being chosen to be a vessel...a vessel of Good, a vessel of Truth, a vessel of Joy...for indeed that's what you have been chosen to be upon the Earth. You have come a long way in your Earth journey at this time, for indeed you have known from before the beginning of your life on Earth that you were indeed to share in the joy of being one who is OMEGA upon the Earth. And the journey that OMEGA has had to take, and will take, is one of great beauty, for indeed you have been led to understand many Truths that normally those who are Spirit-in-Body do not have access to understanding. And so you have been blessed in many ways. As you are aware, those of you who have chosen to return during this time upon the Earth as OMEGA have indeed been gifted with that which is a good mental understanding, an ability to accept Truth when it is given to you. You have not been one who would question or complain or deny that which has been given to you as Truth, for your Spirit Within knows that those things that have come to you through those who have been Guardians of your Spirit and through the Spirit Within you have been able to attest to you that the information which you have received is indeed true and is OF the Creator.

And so JEY comes with much joy now to have been a part of your lives upon the Earth at this time. JEY can indeed be with you during these times of meeting; and when you have the need to call upon this one who is Gatekeeper for OMEGA, JEY can indeed come to you and give you the assistance that you need.

At this time allow this one who comes as Guardian of Spirit for the one who allows the voice to be used...allow this one to say to you that there is indeed another one who is here in your midst and who has come to communicate with you, even as the one who was INITIATOR came to communicate with you in the meeting past. JEY would ask you within your hearts and in your minds to simply affirm that you will accept this one who is to come. JEY can say to you that this one does come in the will of the Creator as well and will have much information to give you. You need have no fear when JEY announces there is another in your midst who wishes to come and communicate with you, for even as JEY must come in the will of the Creator, anyone who JEY clears to come

and communicate with you must indeed come to be with you in the will of the Creator. And so as you continue in your time of meditation, allow this one to come to be in your midst. JEY does give thanks for that one. Be at Peace.

AMEN! And again, AMEN for indeed it is as it shall be! Know that this one does come to your midst and does come with great joy, and can say to you that this one has been in your midst in times past. You have accepted what this one has had to say in times past, and this one has come again to be with you. There is never a time when those who allow their voices to be used upon the Earth for the good of that which is mankind and to create that which is an acceptance of the will of the Creator....there is never a time when this one cannot come and communicate with you in order to help you understand that which may have been discussed during a time when you have gathered as OMEGA upon the Earth. And so let this one come and communicate with you as one whose name has been brought forth during this time of meeting....and that simply will be the one who was known upon the Earth as JESUS.

Know that JEY is well aware that there are those who will need to have this affirmed to them once again...that, yes, that which is the Spirit of Jesus does abide in the Spirit Realm, even as that which is the Spirit of others who have come to you! Jesus lived upon the Earth as a person in body. The name was given to that body, that child who was born and given the name of JESUS. This was no different than any other child that was born upon the Earth. And this one who has come in Spirit at this time has been here on the Earth before and will tell you that indeed it was a joy for this one later to become that which was to be the housing of the Christ Spirit....even as it has been discussed during this time.

Know that the body of the one who was JESUS upon the Earth not only was able to be the housing of the Spirit of the one who was known in body as Jesus; but it also became the housing for the one who came as the Christ Spirit. This comes as no surprise to you, for indeed this has been known within OMEGA many times before. But this one comes to help you understand more fully that which is simply a Truth that you can accept.

As mankind lives in body upon the Earth, and Spirits come over and over and over again to live in body upon the Earth, know that often times the Spirits that have inhabited those bodies upon the Earth are not aware, at the time when they inhabited the body, that they were going to become that which would become an entity upon the Earth that would be used in a Spiritual aspect upon the Earth. In other words, they have little understanding of that which would be the importance of a Spirit that was going to be entering that body at a later time. Allow it to be known to you at this time that the one who lived as JESUS upon the Earth simply lived as a child, as a young man, and later as an older person upon the Earth who was to embody a more advanced Spirit at one time upon the Earth. And so this one comes truly now at this time simply to allow you to know more about that which was a lapse of time that you may have known about what was written about the one who was Jesus.

You are well aware at this time that there was a lapse in information in that which you now call your Scriptures upon the Earth. So allow this one who can come now as JESUS to talk about those years.

You are aware of the time when the one who was JESUS was a child, and you are aware of the time when the Christ Spirit came to be in body of that one called JESUS upon the Earth. But there has been a lapse of time there! Allow this one to talk to you about that period of time and give you some understanding of how this one came to be the embodiment of that exalted Spirit known as the Christ Spirit.

As a young child, this one was indeed given the opportunity to live and work among others upon the Earth where there could be more information given with regard to the understanding of spirituality at that time upon the Earth. And so as this child then was enabled to leave the home and go to other areas of the Earth known to mankind at that time, this child then was able to understand more about other people who lived upon

the Earth. And so as that child grew as the one who was the man Jesus, that child was able then to draw to self and to understanding that which was a belief in a Creator of All Things that had not been known to this child in an earlier time.

And so as this one traveled among others who lived upon the Earth in distant places, the mind became open, the heart became open, the Spirit became more aware of other things and other peoples upon the Earth. And as this one traveled and studied and lived with others upon the Earth, there was a time when that time of study and life ended, and then the man returned to that which was the country in which the baby Jesus was born, and came back once again to live among the people he knew as a child and the understandings that he knew as a child. He had been prepared to allow the Christ Spirit to enter his body. He did indeed have the knowledge that he needed to allow that Spirit to live in his body at that time. And so you have been somewhat aware of what occurred during that period of time when the Christ Spirit entered into the body of Jesus.

Much has been written about that time when those who were said to be the disciples of...not of Jesus but of the Christ Spirit. That was when they became disciples of the Christ Spirit. And as the Christ Spirit was able to teach those who were the disciples, they then attempted to go into parts of the world to try to teach what had been taught to them. But as you are aware, there have been many changes made in what was written by those men who traveled the Earth then and attempted to teach what they had understood to be the truths that they could accept at that time.

Know that there is an important relationship here. One is those who were disciples were not all learned men. They could not all write and understand as they heard things to be. And so that which they learned was put off until many years later when it was necessary for them then to put into writing that which they had remembered to be the teaching of the Christ Spirit. And so many things enter into this time. As you are aware, mankind has a tendency to forget. Mankind has a tendency to embellish. Mankind has a tendency to re-interpret. And so you now understand why there is so much misunderstanding in this which is the Earth today among those who call themselves Christians, for they in turn have taken the things that were written and changed and embellished and misinterpreted and further tend to embellish and misinterpret, and to interpret as they see fit to interpret.

And so what you as OMEGA have been about at this time has simply been to learn Truth that has been brought to you by those who still dwell within the Spirit Realm and can come to you with an understanding of Truth as they know it to be. And so this one who comes to you as the Spirit of Jesus can attest to you that indeed you are receiving Truth from those who come from the Spirit Realm and communicate through this which is simply the ability that has been given to one to come and receive thoughts and interpret in Truth those thoughts that have been brought. Indeed the thoughts have been spoken as they have been given to that one. This does not mean that this one who serves as an instrument for Truth is one of any higher ability than any other of those of you who come as OMEGA. All of you were well aware when you came to the Earth Plane at this time that you would serve as a vanguard upon the Earth for an enlightening experience that would help many others who live upon the Earth Plane. You are now here as a light. As you were given information in time past, you now can envision that light which reaches forth and reaches out to the Creator. This enables you as a Spirit-in-Body to reach into that which is the Creator of All Things and in turn receive the guidance and information that you need to be OMEGA upon the Earth.

This one comes now to simply attest to you that the information that you received from one who came as the INITIATOR is Truth! Abide by that Truth! Live by that Truth! Follow after that ray of Light that can reach to the Creator of All That Is. Send forth your Spirit upon that Light, that it may indeed receive the Strength and the Truth that it needs each day to go forth to reach into that which is the Realm of the Creator of All That Is. You have the ability to do that. And this one comes in the will of the Creator as the Spirit of the man Jesus to simply attest to you that what you are receiving

is Truth. Be at Peace. Know that this one has come with great joy, with great love, for each one of you who have agreed to serve as OMEGA upon the Earth at this time. This does not mean that you as a living human have more power than anyone else who comes to live as Spirit-in-Body; but it does mean that your Spirit now has indeed received the power to reach within the Realm of the Creator of All That Is, and draw to self that strength, that truth that is needed to be sent out to others upon the Earth who are in need of guidance and strengthening in Spirit.

Allow it to be! Do not falter in your journey at this time!

And so once again, allow this one to say that this one has come as the man Jesus, the Spirit of that man Jesus, to attest to you the Truth of what you have received from the INITIATOR. May you never forget this. May you not forget that this one lived on the Earth even as you have lived on the Earth. And even as you have been enlightened by others who have come to bring Truth to you, this one was enlightened by that which was the Christ Spirit. Be at Peace. Know that this one has come with much Joy and has come because it has been the will of the Creator. Allow your Spirit to follow after that Light! Go now in Love.

JEY returns and does come with great thanks and great humility, that indeed JEY has been willing and able to welcome that one to this meeting of OMEGA! You have been greatly blessed; but you have now been given that which is a testament that what you have received from the INITIATOR is Truth! Allow it to become a part of your life. Be at Peace. Know that we who are here in your midst find great joy in that which has been the visit of the Spirit of JESUS to the group known as OMEGA. Go now in Love. Be at Peace. And may you always be open to the joy that you can receive in your heart, with the knowledge that you have received this visit today. Go now in Peace and Love. And may that which is your days in the future be filled with great joy and the ability to serve as OMEGA upon the Earth with a greater vision of what you can do at this time upon the Earth! Go now in Peace! AMEN.
