

MESSAGE FROM JEY, 9-19-04

JEY is here, and JEY does indeed come in the will of the Creator at this time. JEY is aware of the discussion which you have had and is willing to discuss those things about which you have spoken. It is the will of JEY at this time to be with you, to bring the peace that you need into your lives, and to help you in those ways that are needed. JEY has heard that which is your prayer for those names which you have put into your circle and thus you may be assured that the Creator of All Things does indeed hear your prayers.

It is now time for this one to be in a time of discussion with those of you who are here. As you may know, there are those who wish to be in your midst and who at this time could not be with you; but as you may know, there is a time when those of us who are in the Spirit Realm have an opportunity to talk with you who are here, and this is one of those times. We come now to be with you, to bring the peace of the Creator to your circle in order that you may feel the peace surrounding you at this time. We would ask that you simply be in a time of meditation. Be thoughtful about those things that are of concern to you, and let JEY be aware of those things that you need help with at this time. JEY can be concerned about your thoughts, and JEY at this time will simply listen to the things that you have to say through that which is the thought process.

JEY can tell you this at this time. As JEY has talked with you in the past about having no need for fear, JEY would like to continue on that topic. There is much that is happening within the world at this time that could cause you to be fearful, but know this. Fear is not something that you need to be concerned with. You need to have no thought of it in your lives. It has been said and does indeed be known by all who are here that indeed some fear is good, but be aware of this. If you are fearful in your life and your thoughts, that simply takes time out of your life and your thoughts. Be instead thoughtful of peace and love, because those are the things that you need to be thinking of and sending forth to all you know upon the Earth. You have, as is known, many of the things to be fearful of upon the Earth, but you gain nothing from thoughts of fear. You can see what happens when you gain control of your thoughts to send forth peace and love. And so, at this time, as you send you thoughts in regard to peace and love you can know that your thoughts can bear fruit and can bring those things to people who are in need of much peace and love upon the Earth.

As you are aware, there is within the thoughts of people upon the Earth much regard to people upon the Earth. You are concerned about those things that bring violence to people within your own thoughts. Do not allow this to happen. You may be sure that there those upon the Earth who wish to bring violence to man upon the Earth; but know that as you continue in your prayers and in your thoughts of peace and love, you will be protected from those things of violence. This is not to say that you will not be aware of them but you will be protected from things that will bring violence to your midst. There are many upon the Earth at this time who suffer from the violence upon the Earth, but as you may be aware many of those people are beyond your reach. Simply be in prayer for them, that you may in some small way have an impact on that which is peace in their lives and love in their lives. We are aware in the Spirit Realm that those who are in dire strait throughout the world do not know peace and do not know love. They simply are relating thoughts of peace and love to violence and hate. That does indeed bring violence and hate, and not peace and love to those countries.

JEY is aware of the children who have passed to the Spirit Realm and have to leave their homes and their parents in some parts of the world. They have nothing to do with the thoughts of hate and violence, but simply were victims of all that has come about throughout the Earth. Know that, you need to be in prayer that they might find peace in the Spirit Realm as well because they have left the Earth so quick and in such a state of hate and violence that brought them here. You find, in your own community, there are children that are living in a time of hatred and violence. Know that they need your prayers as well. Those are children who are living in homes but in a state of hatred and violence. They know nothing except what they hear on your television, and know that is not always good.

It is at this time upon the Earth that mankind does indeed need to think about all those things that can bring peace and love to the Earth Plane, not hatred and violence as you have observed.

Let JEY talk about another topic at this time. You have been in a time of discussing things related to religion upon the Earth, that which is a belief system that many have with regard to religion. JEY wishes to discuss this at this time.

Know that there are many upon the Earth who do not have a view of religion as it should be.

There are many upon the Earth who do not use Spiritual Thought as it should be upon the Earth. What JEY has tried to teach you down through the years as many of you have been gathering as a group, is simply that love, peace and patience will bring to people the beliefs they need to have. Know that there are many so-called religions that are teaching anything but love for fellow man. This cannot be. Know that those religions will pass by and be brought to naught as they continue to work their own beliefs and religions upon the Earth. These would not be acceptable and advisable for any of mankind upon the Earth. Again, JEY wishes to discuss this. As you have discussed which have been, down through the ages, the beliefs of mankind that have been taught, know that each age has given its own viewpoint which been religions upon the Earth. All these cannot be correct! Simply know that there is a Creator of All Things and simply know that you are to love and serve your fellow man. This will indeed pass as your religion upon the Earth. Those who have taught otherwise down through the ages do have to act upon those things when they return to the Spirit Realm. They do have to respond to those things which they have been responsible for down through the ages. And so it is that mankind upon the Earth has experienced many things which you might call religion. They still have that which simply a viewpoint which they hold dear at this time, and they will teach as they have been taught upon the Earth.

But know this: Knowing that there is an Eternal Spirit that is the Creator of All Things and that mankind will eventually all come to accept that, then it is indeed right for man upon the Earth to begin to question that which is their religious belief. There is at this time upon the Earth many who do not allow their thoughts to go outside those things that have been taught down through the ages. You must know that not everything that is taught is true; and when you are searching for truth simply open your heart and mind and allow it to be that when you are searching for Truth this can come to you from many areas. It may come to you from JEY, it may come in prayer, in meditation. But know that Truth is important for you to seek after, to search for and to receive.

JEY can tell you at this time that there is indeed not to be peace upon the Earth, not to be a cessation of that which is violence and hatred, until all mankind can search for truth and receive it for self without inputting their own thoughts and things they have been taught down through the eons. You must understand that every bit of history throughout the Earth has brought its own view of Truth with it. Know that you must only believe that there is a Creator of All Things and be willing to accept your fellow man and to love and give service to one who is upon the Earth.

JEY has not come to bring chaos into your life, but to bring peace and love. Know that at this time there is a reason for each of you to show peace and love upon the Earth, and to bring peace and joy into the lives of others. You do have the ability to bring joy, to know that joy is important to all people; but along with it must go the teaching of love, your teaching of truth, and your teaching of patience to all of mankind. Go now in peace and love. Know that this one has come to be in your midst and does indeed seek to do so each day. Be at peace. AMEN.
