

MESSAGE FROM JEY, 5-22-2005

JEY is here and does come in the will of the Creator. It is at this time that JEY does indeed welcome those who are here in this group and will advise you that it is the will of the Creator that JEY does come to communicate with you. It is at this time that JEY wishes to create that which is an atmosphere of acceptance and to tell you that those of us who are here in Spirit have formed that which is a bond with each of you, that you may indeed find Truth in what is spoken.

Allow JEY to say this as well. Those of us who are in the Spirit Realm have indeed attended the meeting of the OMEGA group and do give thanks that those of you who are here do come seeking within your very being because you have not tired of this communication which you have had with the one who is JEY. JEY would ask you to simply remain in a time of meditation and to remain in a time of prayer in order that JEY might communicate with you.

Know that those of us who have contributed to this which is the OMEGA group for many, many years have indeed found joy in what we have done, for indeed we have been able to communicate with you and to foster an understanding with you that we do find great joy in. Know that JEY comes with love for each of you and does not come to give you misinformation but rather to give you information that will be of value to you.

And so, with that said, JEY comes to talk about this topic at this time. There is within this which is the OMEGA group through the world in which you live that which is a need for information with regard to that which is acceptance. Know that as we communicate with you through this which is instrument, those messages do go out as far as others are able to send them as they come from this which is the source. And so, for all people who receive such messages to accept and to be in an attitude of acceptance, they must believe what is given to them. And so with belief as a major part of this message from the Spirit Realm, we also ask you to be in acceptance of this which are messages from the Spirit Realm. We do not tend to want to mislead you because we are of the Creator and what we give you is a message that has been approved by the Creator. We do not intend to mislead you in any way. If you find that you cannot accept what is given at a given time, we would ask you to be in prayer about it, in order that you may find that which is acceptance of this information with is given to you.

And now with that in mind, let us give you information with regard to that which is acceptance. As you know, we have talked about that which has been anticipation during the time past and now we should be willing to talk with you about that which is acceptance. Know as you have learned about many things during these last few times of meeting, we would indeed find joy in giving you further information about which is the topic of acceptance. Know that as you are in a time of prayer, you need to be in a time of simply asking to **accept** that which is given to you. We do not come to simply fulfill a mission here upon Earth, but we would ask you to accept what is given to you. In other words, to not only believe but to internalize what we have come to give to you. And so at this time, we would ask you to accept not that which has been given to you, but that you internalize.

What JEY has come to give to you at this time upon the Earth is simply a matter of importance to you. We would ask you, as you are asked to accept what is said, that you place some importance on what is given to you. There are many upon the Earth Plane at this time who are not seeking to find more from those of us who are Spirit in the Spirit Realm, but you are being asked to accept much that does come from those who are within the religious community. In other words, they are asking you to fulfill the purpose of acceptance without first allowing to know **why** they are asking you to accept. What we are asking you at this time, on this day, is acceptance or the ability to simply trust those of us who come to you in Spirit in order that you may be able to internalize that information which is given in order that you may trust us. We do not ask you simply to accept on the fact that we are here as Guardian of your Spirit, but we ask you accept because it is the will of the Creator that you accept what is given to you at this time. And so with acceptance in mind, we would ask you to give that which is acceptance some jurisdiction in your lives. In other words, you are asked to be accepting but are also asked to be believing of what is given to you.

Know that we do not ask you at any time to accept all that is said, but we are asking that you be in prayer about what is given to you in order that your prayers may be giving that praise that is planned when all of you are in a time of prayer. As you are in prayer, even as those of us who are in Spirit have a time for prayer, we simply ask that we be shown the way to believe in order that the information that is given to you does indeed come from those of us who are giving to you that information which is the will of the Creator.

And so at this time as you are led to accept and led to believe, we simply ask you to be to be at peace with what you are told and what you are given at this time.

Here is an opportunity for all of mankind upon the Earth to contribute to that which is a time of acceptance of peace, in order that you may be more at peace on this Earth in which you live. There is much on the Earth which

is not accepted by mankind at this time, but know what each person as Spirit living in body at this time has a need to be more at peace, to be more accepting of what they are told by those living in Spirit. Know that there are many, many living upon the Earth who do not understand what it is to be receiving information from those who are in Spirit; and so those of you who have the opportunity to hear not only JEY but others who are in contact upon the Earth, we come in the will of the Creator, we come to ask you to accept anything that does make life more livable for those of you who have sought to communicate with the Creator of us all. This is not saying that what we are giving to you as information is always accepted by all of you. This is not true. There are many who doubt what is being given. There are many who question what is being given. But know that as JEY comes in the will of the Creator, there is always the opportunity to accept what is being given to you as information from the Creator for use of all gather here.

It is the will of those of us who come as Guardians of Spirit for each of you to benefit from what is given to you. And so we would simply ask that you accept, that you believe, that you understand that what is being given at this very moment is Truth. We who are Spirit in the Spirit Realm do come to bring you not only the will of the Creator but the will of us who are in the Spirit Realm because it is the will of the Creator. And so with that said, allow JEY to continue to talk about things that are affecting you at this time.

Know that there is an opportunity within the Earth at this time for mankind to reach out and touch another, in order that they may know the love of another on the Earth at this time. Know that those who are not accepting at this time do have a problem that will not allow them to accept Truth as it is given to them. Know that Truth comes in all forms, but above all it MUST BE Truth. And so as you have reached the point now of being here in this group known as OMEGA, you have shown that you are open to truth, you are open to know that what we are giving to you is Truth, and know that we would not give you false information. And so JEY does come at this time to be one who is a beacon of Light to those of you who are here. You have shown that which is an interest; JEY will show that which is Truth.

And so with that in mind, you have nothing to fear. You can now know that JEY wishes to communicate only that which is Truth and Good and can indeed come to you week after week as one who speaks Truth.

JEY comes as Guardian of Spirit for this one who is instrument only because she has sought for such. JEY has indeed known that one as one who lived on Earth many eons ago. You will understand that that one does indeed often have a time of doubt that she is able to allow JEY to communicate; but know that you need not be concerned about that which is allowing to come through her voice, for indeed she is guarded by the one who is JEY and can only speak what JEY would have her say in this time of meeting. And so I would ask you at this time to allow JEY, as Guardian of Spirit and as Gatekeeper for this which is the OMEGA group, to allow your needs to be known and therefore to Allow them to be known to the Spirit Realm, in order for you to receive information that you need.

Be not wary of working with this which is the OMEGA group. Be not afraid of that which is told to you. You can know, with assuredness, that what JEY has to say is indeed the will of the Creator. JEY comes in Truth; JEY speaks Truth because it is known that what JEY has to say has to be Truth in order for JEY to be a member of this which is the Creation of us all and does come in the will of the Creator.

At this time allow JEY to say a welcome to those which are new here at this time. Indeed, JEY is much excited about their attendance here. It does show one more move toward the growth of the OMEGA group. Know that you are indeed welcome here in this group which seeks after Truth from the Creator. And those of us who are the Guardians of Spirit and Gatekeeper for the OMEGA do come to promise you with a sign of knowing that you are connected to this group. You are given assurance that you are protected in this group. And so we would ask you simply to be at peace with your attendance here; and if there is a time when JEY can communicate with you, JEY would be willing to do so if you will allow the correct time, the correct communication, the correct anticipation, know that you will be receiving Truth at that time.

Be at peace with where you are. Be at peace with what you are. Know that you are in the protection of the Creator at this time and there are those of us who dedicate ourselves to knowing that what we have given you is Truth at all times. Go now in peace. Know that we will indeed be in your presence in the days to come. Go now in love. AMEN.
