

11-6-2005

JEY is here. It is now the intention of JEY, as he comes to be with you in this group, to give you information that will help you along the way. You have had a far-reaching discussion during this time of meeting; and allow JEY to say that indeed your thinking has been clear enough that those of us who are in Spirit have rejoiced at the understandings that you have and at the direction in which your thinking is leading you at this time.

Allow JEY to say this, too. Each of you who are here at this time have a clear understanding of that which is spiritual growth. By that, JEY simply means this. You are aware that your thinking does relate somewhat to your Spirit, inasmuch as it gives the Spirit the information that it needs at this time upon the Earth. Know that as you meet in this which is a group, each of you have differing ideas with regard to your life on this Earth; but know that whatever you are led to do, to believe here upon the Earth, is indeed an experience for you that you need to undergo. So JEY will tell you at this time that there is a reason for you to meet as OMEGA as well as to receive information that will help in your Spiritual growth. The reason at this time is simply to exchange ideas about that which is Spiritual growth, but also that which is your physical self, your thinking, your being up this Earth.

As you have been in a time of talking about those things of interest to you, be aware that all that you have discussed will lead to further Spiritual growth for you because it helps you to come to an understanding of that which is the life on Earth but also that which is to follow as you leave this Earth and return to the Spirit Realm. JEY would ask you to be alert to all changes in your life at this time in regard to your physical life; but in regard to that which is your Spiritual life. Know that all that you learn at this time will have an effect upon your Spiritual life and the Spiritual growth that you are seeking.

So with this in mind, allow JEY to come to be with you and to share with you that which is more information that will be of benefit to you. You are aware, of course, that our Creator of All Things is indeed one that is aware of your every move, your every thought, your every need. But know that we who come as your Guardians of Spirit are also aware of your thoughts, your needs, your every move. And so with this in mind, we can tell you that we are well aware of each of you with regard to your life on Earth. We would ask you at this time simply to be prayerful each day about your life. It is not much trouble for you in the physical body to simply take time out each day for a brief thought of the Creator, a brief thought of where you are headed in this life. So with those thoughts in mind, simply speak a prayer to the One who is your Creator in order that that One may be aware and that those of us who are in the Spirit Realm as your Guardian of Spirit will be aware of your thoughts, your needs, your actions.

And so as you are in prayer for self, remember, too, those who are known to you through the Earth are well aware of your prayer and are well aware of your need. We who come to you as Spirit-in-Body have a full appreciation of your life upon the Earth for indeed we have been there at one time and do have an opportunity often times to share with you our memories upon the Earth; but our life as it took place upon the Earth does not meet the necessities of your life at this time for we lived in body at a different time. Although our journey may have been somewhat appreciative of the life that you are taking at this time, still there are many problems inherent in your life at this time due to a change in time that we did not have the opportunity to deal with as we were on Earth. And so as you are living in a time of much change, of much information that we could not reach, you have the opportunity to reach the information because of what you would call your computer. Know that we do not have a recall of such equipment when we who are Guardian of Spirit did live.

But this does not mean that we did not search for a greater understanding of what we were to meet in the hereafter or of the Creator. Indeed, we sought to find out all that could at the time. And so you, with the instruments that you have and the opportunity that you have at this time, you do not need to feel that you are alone upon the Earth, for even though you live among many upon the Earth, you often have the feeling that you are alone, that you are following after the Creator of All Things much alone. Know that there are many, too, upon the Earth now who are seeking to learn more with regard to the Creator of All Things.

And so you have an opportunity here to share with others upon the Earth much of the knowledge that you have gained simply through these meetings or through those instruments that you have upon the Earth. Do not hesitate to share your own knowledge with others upon the Earth at this time, for it is important not only that you have to take an opportunity of sharing with others, but that there is an importance to those with whom you share. We would ask you at this time, too, to be alert to all that is

taking place upon the Earth. We do not need to ask you to be fearful of all that is happening or all that will come to you as Spirit-in-Body, but know that there is much occurring that will bring that which is destruction to many people upon the Earth. We have told you another time that you do not have to be fearful about what may happen to you in this area, but there are many living upon the Earth, and many who are OMEGA upon the Earth, you do have a fear of what may happen. And so at this time JEY would ask you to remember them in your prayers, too, for indeed they do not have the assurance that they need not be afraid upon the Earth at this time.

We who are coming to you as your Guardian of Spirit have the knowledge that indeed there are many who will not hear or read this message; but those that do hear this message and read this message are to be assured that they do not need to be fearful of that which is to come, for indeed the Creator of Us All does provide that which is protection for those of you who are OMEGA. Be at peace with that, and know that we come to be with you, to share with you, and to encourage you at this time. It is a decision that each of you have made to be here, to share with others the information that has been brought to you, and will be brought to you; and so those of us who are in the Spirit Realm look with much joy upon you, for indeed you have found your way, you are learning to share with others at this time and you know that within your heart that you can be at peace with the knowledge that you have.

We who are your Guardians of Spirit would ask you to simply be one who is joyful in what you have had coming to you, who is able to speak those things that have been brought to you, and to know that we who come to you as Spirit from the Spirit Realm are speaking truth to you, because that is the job that we must do. We cannot bring you other than what is truth. That is known throughout the Spirit Realm! And so those of us who do make contact with those of you in body rejoice in that we can speak Truth to you and give you that information which is necessary at this time. Be at peace what we are bringing you. Be at peace with who you are and what you are at this time. And may the one who is here as Bill know that he is following the right track upon the Earth by publishing that which he knows to be truth. What we are saying to you at this time is simply that each of you is doing what you are supposed to be doing at this time. JEY would thank this one who serves as instrument for the use of her voice; indeed she has been very faithful in allowing those of us who come in Spirit to use this avenue of communicating with others. You can be sure that what is allowed to come through her voice is that which is truth; and those of you who are here, and otherwise, know that you are following after truth upon the Earth as well. It is with much joy that JEY can tell each of you that you have not trailed from your path upon the Earth, and that you are doing what is right for you to fulfill your life upon the Earth. We give thanks to you, we who are in the Spirit Realm, to each of you who are OMEGA who have found your way and are doing those things that you need to do, sharing those things that you need to share. Give to yourself where there is an opportunity to do so.

Be at peace with this. Know that we have come to you with much joy at this time upon the Earth; and we encourage you be that which is simply a person of joy, for you have indeed found the way. This is much for which to be joyful. Go now in peace. Know that JEY will come again in a time of meeting or in a time where you simply wish to speak with the one who is JEY. Go now in peace, go in love, and may the one who is JEY have an opportunity to visit with you in a time of come. Be at peace. AMEN.
