JEY is here and is happy to be with you. Know that JEY does come through this one because it is the will of the Creator that it be so. It is now that JEY wishes to thank each of you for being present here at this time, and would like to say this. Those of you who are here do indeed have that certain aspect to you that would allow you to receive this which JEY can give today. Know that JEY does come with love for each one who is here and for others who are living here and for others who are living upon the Earth as OMEGA.

Now as JEY wishes to talk with you it will be through the use of this voice that JEY has the opportunity to communicate. As JEY comes to your midst, know that there is a need for JEY to be here, and JEY will take advantage of this opportunity to talk with those of you who have come at great lengths to be here at this time. Know that JEY is aware of the voice of which one who is serving as instrument and will indeed attempt to use that voice to the best of her ability to allow it to be so. Be at peace now as JEY attempts to work with her voice.

JEY is now returning to your presence and will indeed be aware of this which is a deterrent to that which is her ability to communicate this information. Allow JEY to tell you this. As JEY continues to talk through the voice of this one who is instrument, there is a need for that to be so. There are many upon this Earth who are receiving the messages of JEY as sent forth from this one who serves as instrument. Those who receive them are indeed sharing them with other people; and so it is that JEY would ask you to be in a time of meditation while JEY continues to talk with you.

Allow JEY to say this to you. There is an opportunity upon the Earth for each of you to share in some way the messages that are brought to you. This one who serves as instrument is not instrumental in receiving those messages other than to allow her voice to be used to receive the messages; but it is that which comes from JEY that does come through her voice. Know that JEY communicates through thought; and as she receives those thoughts, it is necessary for her body then to simply take the thoughts and put them into words. There is no other way for JEY to communicate. It must be through thought. And so as her voice then begins to release the words that are sent to her---but know this, that JEY did not serve in the land where this voice knew the language, and therefore JEY cannot communicate through this language, but rather through her thoughts. And so as JEY can find the time and the need for communicating through her voice, JEY has to change the thoughts that come to her to the words that you hear. JEY is concerned with the voice of this one at this time, for she does indeed have that which is a handicap that is occurring. JEY has not had the time nor the opportunity to change that voice. But let JEY say that coming forth from this person who has served well for the one who is JEY through these years as JEY continues to serve through that person, much can be gained by those of you who are in this group today.

Allow JEY to say, too, that there is within this group those who have the ability to communicate with Spirit; and as that is true be sure that you serve for the will of God that you do this, and always seek in prayer before you allow it to be done. It is known that there are spirits throughout the Earth that will take advantage of those who communicate through Spirit, and so with that in mind you need to be very careful about those things that come through your voice. You are responsible for the words that come through your voice. We are responsible for the thoughts that come to you. And so, you do have not only an opportunity to serve for the Creator of us all, but you have the responsibility that goes along with this. And so JEY would say that this one who serves as instrument has the responsibility to return to you the words that are given to her in thought so she can give that information as it is spoken to her through thought.

So with that in mind, allow JEY to say this. Know that as you are in a time of meeting you should be in a time of meditation and asking that what you hear will be truth. So JEY will attempt to give you truth at this time.

What JEY is saying at this time to you is this. There is a need upon the Earth for all of you who are Spirit-in-Body to simply search after that which is truth, to search after that which is knowledge that can be given to others. You can know then that what comes to you as it comes from Spirit will come as truth and will come as that which will be helpful not only to you but to other people as well. JEY knows that it is difficult at this time for this one to speak the words that are given to her, but it is important that she continues to talk at this time. JEY would not urge her to do anything that would in any way harm her, but it is important that she continues to talk.

Know that as you are serving upon the Earth there is much for you to do in your line of work and in your opportunity to deal with others during the day that you come in contact with. Many will be seeking for help. You must indeed help them when you have the opportunity and the knowledge to help them. Each one that you meet each day has the ability to affect your lives and you have the ability to affect their life. Do not let a day pass that you have not done all that you can do to help another along the way. It is important that you do so. And so as the one who is Louise has allowed her voice and her body to be used during these years to help other people, you must know that even she must pray daily for guidance and for the will of God to be done in her life. It is so important for you at this time to pray and to ask for guidance and that the will of the Creator of Us All does happen in your life. And so as you do that, you can be assured that the Creator has heard your prayer, and we who are in Spirit and serve as Spirit Guide for you have heard your prayers.

Each of you who are here do have a Spirit Guide. Some of you do not attempt to listen too closely for that guide and some of you listen closely; but be aware that your Spirit Guide which each one of you have does indeed try to communicate with you and in that attempt can help you in many ways even as JEY has been able to help this one who is Louise. There is upon the Earth so much disbelief with regard to the role of Spirit in life. Do not let that be a part of your life. You must welcome Spirit into your life and be willing to take the guidance that your Guardian of Spirit can give to you. JEY is willing to help any of you who call upon this name of JEY and upon the name of OMEGA. JEY comes willing to help you as a Spirit Guide as well, but know that JEY has been assigned this one in particular upon the Earth at this time; and so as you ask for help from JEY, do so in the will of the Creator in order that JEY may know that JEY has the will and the power to come to you and help you at any time. JEY is well aware of the responsibility that you have upon the Earth at this time. Do not be afraid to ask for help in all that you do upon the Earth. That is important for you and important for JEY to be able to come to help you, and for your Spirit Guides to be able to come to help you.

Know that in the future days to come there will be much for you to be thinking about as a result of having come to this meeting and hearing the words that JEY has spoken. Know that in the future JEY will attempt to come to you and clarify any questions that you have. And so JEY would say at this time that as JEY has the ability to speak through the voice of this one, your Spirit Guide has the opportunity to use your voice as well. Do not deny your Spirit Guide to so use your voice. You must indeed ask that the will of God be done and all that is needed in your life will be supplied in the way of ability to know the thoughts that come to you and therefore your voice to be heard by the Spirit Guide as well.

And so as this one comes and give thanks to the Creator of Us All it is with the thought that indeed this one has indeed come a long way in her journey upon the Earth and we do indeed have the opportunity to help her throughout this which is her life at this time. Know that you are blessed to be here and to have this time together, and the one who is serving as instrument has been blessed to be here as well. Know that all is well in the time which is to come, and know that all of you who are here can be known as OMEGA if you so desire. JEY would simply ask that you be in prayer and do take the time to be thankful for all that you have been given by the

Creator. The Creator of Us All does indeed look upon you with much love and much in the way of desire for your good time in the future. Know that as you have the opportunity to serve, do so. As you have the opportunity to tell others of the Creator, do so. And as you have the opportunity to share with others, there is always an opportunity for you to do so. JEY is aware that this communication has been short due to the fact that the instrument which is being used is having difficulty, and so JEY would at this time ask each of you to be at peace and to go in love, for that indeed is the desire of those of us who come as Guardians of Spirit for your lives. Go now in Love. AMEN.
