

April 11, 1996

JEY is here and JEY does come with love for each of you who are here. JEY does come in the will of the Creator and comes now with information that will be useful to you in the days to come. It is important that each of you attempt to remain in meditation and know that as you do so, your Spirit Within is able to control your thinking and does indeed have an opportunity to assist you in this Spiritual journey which you have undertaken. Will you at this time then allow the Spirit Within you to be in control of your thinking. JEY would ask that you be at peace with this and know that if indeed you allow Spirit Within to guide you, you will in no way be able to receive information that is not Truthful. Know that since JEY does come in the will of the Creator, it is not possible for JEY to give incorrect information. And you must understand that and accept that inasmuch as JEY comes as Gatekeeper for the OMEGA. It is important for you to accept that. Be at peace.

What JEY is here to communicate to you at this time is this. As you have been in a time during the months past of seeking after things of Spiritual worth, you have gained much information. You have been able to internalize that information; and as you go back and review those things that have been written for you, you come to understand more fully the things which have been communicated to you. Know that even though there are those who have come to you to also receive information that have not been here for a long period of time, it is important for you to recognize that the Spirit Within them has the ability to help them internalize whatever may be given at this time. And so JEY comes willfully, knowing that the information which is to be given can be accepted by all who are here present.

What JEY wishes to discuss at this time is a very simple part of your Spiritual journey. It is important for you to accept this.

As you are looking toward a time when you will be able to fulfill your responsibility upon Earth, you do so with much eagerness; and yet, on the other hand, you seem to have a sense of foreboding with regard to those things which are possible. What JEY wishes to say to you is that you must know you will be fully prepared for whatever is to come. But first and foremost, you now must understand that your Spiritual journey enables you to become strengthened Spiritually in order that your Spirit Within will be able to guide you. This has been said to you before, and you have been able to understand that.

But what those of us in Spirit have not been able to communicate to you is that which is a topic that was necessary for the one who serves as instrument to experience before those of us who come in Spirit to communicate could divulge...a necessity. And it is know that the one who serves as instrument has indeed experienced that which now can be related to you.

As you have endeavored to grow in Spirit, you have sought to understand more fully why you have experienced certain things upon the Earth Plane and why it has taken you a longer time, perhaps, to seek out the Spiritual journey that are now undertaking. And so you have often looked at things which have occurred in the past and felt perhaps a sense of guilt about some things which occurred in your life; and you have looked forward to overcoming such feelings of guilt. This does not say that you have not been in the will of the Creator at all time, for since it is well known in the Spirit Realm that you were to undertake this Spiritual journey, the things that you have experienced have enabled you to know the positive and the negative aspects of life on the Earth. That has been important for you. Indeed you could not enjoy those positive things you are experiencing now had you not known what was negative in your life.

And so those feelings of guilt that you have at this time must not impact your Spiritual journey. JEY has come to tell you that it is **important for you, as you ask for forgiveness for those things that you may now feel were not a positive thing in your life....as you ask forgiveness for those things which have been a part of your lifetime....know that such forgiveness does, of course, come to you. BUT YOU HAVE FAILED TO ASK**

FORGIVENESS OF ONE PART OF YOUR LIFE WHICH IS SO IMPORTANT. In order for you to fully know the joy of overcoming negative aspects in your life, YOU MUST BE WILLING TO ASK FORGIVENESS OF THE SPIRIT WITHIN YOU.

Know that as that Spirit dwells within your body, all things that occur to you as Spirit-in-Body do impact your Spirit; and know that inasmuch as you are well aware of the source of that Spirit, that in turn becomes the source that you must ask forgiveness of. Does this not come to you very clearly now as being important in your life? As you seek to overcome the negative aspects of your life, simply know that it is important that the Spirit Within you is able then to say, "Yes, this Spirit understands the actions of the physical and mental aspects of you and does forgive anything that has occurred which impacted your Spirit."

You have been told that as a result of your having undertaken this Spiritual journey which you agreed to undertake in eons past...as a result of that, you now have experienced overcoming all karmic actions that have occurred in your lifetimes past. Now it is time for you to simply ask the Spirit Within you to be forgiving of all things that have occurred. **Rejoice in that! Know joy in that! Indeed it is important to your life upon the Earth at this time.** As you arrive at that point, know that you overcome those things, not only Spiritually but also mentally, for oftentimes things of a negative nature that have happened in your life do plague you over and over and over again as you have memories of them. And so as a result now of your coming to terms with what occurred, to the extent that you ask forgiveness of your Spirit Within, those things are to no longer affect life upon Earth. You can be freed of those negative memories which you have. This in turn allows you more time to think very positively about the life that you have upon the Earth, about those things that are ahead, those things that you are to prepare for both Spiritually and physically.

Does this not then give you an impetus to move forward with much joy and determination, knowing that your life will be fully changed from this time forward? It is, of course, a joy to those of us in Spirit that the one who is here as instrument was led to that action upon the Earth and has now been told that it was necessary for her to so determine that aspect of her life in order for her to fully understand her importance on the Earth Plane at this time. It is not a time, as you have been told in the past, for any of you to feel a sense of pride...but rather a sense of freedom, a sense of joy, a sense of knowledge that you have arrived at a time upon the Earth where you can now more fully understand the unconditional Love of the Eternal Spirit.

And inasmuch as you are fully aware that the Spirit Within You is OF the Eternal Spirit, you can understand the joy of that as well.

Be at peace and know that JEY has come with much love to share this with all of you who are here; and it is important that ALL WHO ARE OMEGA WILL BE APPRISED OF THIS, for it is the knowledge of those of us in the Spirit Realm that this has not occurred to many on the Spiritual journey...that indeed it is important for each one to recognize the role of the Spirit Within more fully. And so JEY has come imply to share this information with each of you, and the knowledge that indeed from this time forward you will be freed from much which you have been carrying as negative baggage throughout this lifetime. It is important that you look forward with joy and anticipation. As a result, knowing that the Spirit Within you does have the ability to forgive you of those things that have impacted that Spirit, you can move forward with much joy and much anticipation and allow that to be so.

JEY would ask at this time that you be willing to accept that in the days ahead it will be necessary for you to more fully look into your Spirit Within in order that you may undertake to allow your Spirit to more fully guide your life and your thinking. It is important that you know, within your very heart, that you have a life upon the Earth that can be guided by Spirit; and so it is, you are accepting this.

As JEY has the opportunity now to allow another to come and communicate with you, JEY would ask you to remain in a time of meditation...for indeed one is anxious to come and communicate with you. Be at Peace and know that one will come in the will of the Creator.

May the unconditional love of the Eternal Spirit be with you, surround you, and allow you to know that you are very much in the care of those of us who are in Spirit. This one comes again to share love with you, to share knowledge with you, and to allow you to know that you have been special in the life of this one in a time past; and that you do continue to be in the love and care of this one.

As it is necessary for those of us who come in Spirit to allow you to know who has come to be in your midst, this one would simply tell you that again this one comes as the **SPIRIT of THE MOTHER OF JESUS**. Know that this one comes with much joy at this time and with an understanding that you now are more fully aware of your role as Spirit-in-Body at this time, and aware of the greatness of the Spirit that inhabits your body.

This one comes, too, to more clearly define for you that which has been the role which this one played upon the Earth plane. Know that you who are in body at this time were indeed known to this one in a life past, but you were not aware at this time that your life upon the Earth at this time in the Earth history would be so involved with a future event. And know that at that time when this one was known to you, this one was so fully involved in the life of one who came through her body at that time...not fully understanding the purpose or the impact that that one would have on all mankind in time to come.

This one comes now, fully understanding the NEED for you to know more about the life of that one, and so would attempt to share it with you. It has been said before that the one who was on Earth as Jesus...as named by the name that was given...did indeed come to that time when the Christ Spirit must enter the body. You are not fully aware of the time in the life of Jesus which followed his childhood. Know that we who are Spirit-in-Body upon the Earth Plane are not fully aware of our importance upon the Earth at all times. But we do, after returning to the Spirit Realm, become fully aware of that which we were to do upon the Earth. And so this one would share with you, inasmuch as the one who was the man Jesus was not able to share with you that information.

Know that Jesus was a child upon the Earth...even as you were...that he was loved by this one who is now Spirit. He was indeed cared for, as were others in that family, and it was important that he learned to do those things that others in the family had to learn to do. And so Jesus was indeed a child who participated in not only the work of the family but in the joys that the family knew, the games of the children. He simply was one who was Spirit-in-Body! Know that as the Scriptures have told you, he was indeed perhaps more observant of those things that were occurring with regard to the religion of that day, and he did not particularly like the things that he saw occurring within that religious body. But even as you now have seen more fully the Spirit aspect of your life on Earth, you now begin to see that there are many areas in your religious life that do not fulfill your needs Spiritually.

And so it was with the child Jesus. He could see there were things that he did not agree with upon the Earth at that time in the religion they knew. And thus it was that you have seen him portrayed in Scripture as one who was impatient with what was occurring at that time within the religious institutions. But what this one who comes as SPIRIT OF THE MOTHER OF THAT ONE wishes to say to you is that in a young time of his life, it was necessary for him to leave the area in which he lived in order that he might study with advanced Spiritual teachers. And so we who were his parents on Earth allowed him to go forth and do that, because we were led to understand that this was something that he must do. And so he was absent from those of us who were his parents for many years before he returned to our home and to the family. And it was at that time, as you have been told, that the Christ Spirit entered his body and began to use that mental aspect of Jesus, understanding that those things which Jesus had learned had helped him to grow mentally in Spirit as well as Spiritually in those things of a Spiritual value.

And so as the Christ Spirit entered that body and began teaching those who he knew upon the Earth plane, those who he gathered around him, he was aware of the things of a Spiritual Truth and he could share those things with the ones he knew.

It is important for you to realize that those Truths that he shared were shaded in their sharing because they could not divulge fully all the things that they had learned from Jesus...who embodied the Christ Spirit. In other words, it was not safe for them to fully divulge all the Truths that the one who was Jesus at that time was able to share with them. You can understand that even today as OMEGA you are not fully able to divulge to everyone you meet all that you have learned of a Spiritual value. This has awakened in you a greater understanding of the one who was Jesus, the embodiment of the Christ Spirit at that time. Even then, the things that were taught had to be so shaded that they would not arouse anger with those who were the religious leaders of that time. And even then, it was necessary for the one who was Jesus to die upon the cross because of the beliefs which he did share. And even though he died, it was necessary for him to experience that death, even as you must experience a physical death upon the plane of the Earth.

It is not that this is to be a punishment for you. It is simply that there is a time for the physical body to cease to function. And so this one who comes as the SPIRIT OF THE ONE WHO AS THE MOTHER OF JESUS would tell you that in that time when your body must experience death upon the Earth, it will be a time of great joy for you...because you now have come to that point in your Spiritual growth where you can anticipate the seeing and knowing for yourself the joys of the Spirit.

And so as this one has come to share this with you, it is simply to let you know that there was a time, even as you know, on Earth when the one who was the boy Jesus enjoyed the things of the Earth, even as you. And that the one who was the man Jesus embodied the Christ Spirit and knew those things of a Spiritual nature that could not be fully divulged, even as you are aware at this time. Guard those things that you knew very carefully. They will indeed provide for you a sense of Spirit that will protect you in the times ahead. You will know when you can share such, as you know at this time. And it is important for you to fully understand that your Spirit now is so strengthened that it will provide for you a sense of security that you have not known in the past. ALL WHO ARE OMEGA MUST BE MADE AWARE OF THIS. SIMPLY GIVE THEM THE INFORMATION THAT IS NOW BEING DIVULGED TO YOU. IT SHALL BE THAT THEY WILL FULLY ACCEPT WHAT HAS BEEN SAID.

And so this one comes now to share with you the Unconditional Love of the Creator. You will accept this; you will understand it; and you will know that you have been fully blessed during this time of meeting. Be at peace. Know that this one will return in times to come. You are not to be left alone. Go now in the love that has just surrounded you. Go in love.

JEY returns and would ask that each of you be fully aware of the Joy that you have just been given, for you will find in the days to come that there will be much Peace with you, there will be much Joy with you, and there will be much Contentment in your life. You have indeed enjoyed a special gift; and if one can say **a miracle...YES! A miracle is simply something that mankind cannot understand occurring. That has occurred for you at this time. It is indeed a miracle in your thinking.** JEY would ask you to give thanks and praise to our Creator for what you have known at this time. Accept it. Know that it has been a gift to you, and that you are much blessed. Go now with the understanding of each of us who are in the Spirit Realm and that you will be joined with those of us who are in your presence at this time in giving thanks and praise to our Creator. Go now in Peace. AMEN.
